# Adult Reading Record

Students, talk to your parents, your neighbors, your relatives, your church leaders, your doctor, your dentist, and other adults you trust about what they are reading. Ask them to help Jackson Public Schools (JPS) meet its goal of 30,000 readers and 100,000 books read during the summer. If adults read books and list them for you, it will help JPS meet its goal. Use the log below to list any books read by adults.
