

Factors that Determine This Rating

Quality of Distribution Index - QDI

The Quality of Distribution Index (QDI) is a representation of the distribution of student scores across the various state-wide assessment instruments. The score at the right represents this district's QDI on a scale of 0 - 300 (higher is better). To find out more about this district's QDI, turn to the QDI Report in blue.

QDI
141

(The QDI represented in this report is the QDI for the state component of the Mississippi Statewide Accountability System. The QDI for the federal component (Differentiated Accountability System) may or may not be the same value.)

Growth Status

Growth is a measurement tool to ensure that a student receives, at a minimum, one (1) year's worth of learning in one (1) year. If, based on the prediction model, the students on average in a school receive at least one (1) year's learning in one (1) year, the school will have met growth. The two statuses of this component are "Met" and "Not Met". To find out more about this district's growth status, turn to the Growth Report in purple.

Growth
Not Met

Graduation Rate, High School Completion Index and High School Values

The 4-year adjusted cohort graduation rate represents the percentage of students who entered 9th grade for the first time in the school year 2008-2009 and graduated with a standard academic diploma within four (4) years.

4-year
Graduation
Rate
64.1

The 5-year adjusted cohort graduation rate represents the percentage of students who entered 9th grade for the first time in the school year 2007-2008 and graduated with a standard academic diploma within five (5) years.

5-year
Graduation
Rate
65.0

The High School Completion Index (HSCI) is based on the status of students five (5) years after entering 9th grade and includes the status of all students in this 5-year cohort. The 5-year cohort for 2013 is based on the students who entered 9th grade for the first time in school year 2007-2008.

HSCI
129.2

The High School Value (HSV) is the sum of the official QDI and the 4-year graduation rate.

HSV
205

Schools in This District

The following is a listing of all schools in this district that were assigned an accountability label (grade), their Quality of Distribution Index (QDI), Growth Status and Accountability Label (grade). Graduation Rates, High School Completion Index (HSCI) results and High School Values (HSV) used in the assigning of grades for high schools can be found in the high school's individual Completion Model Report (orange).
