Minimum Technical Specifications
Donations/Contributions of Computer Technology

The Jackson Public School District recognizes the key role that concerned citizens and business partners must play in the acquisition of technology for school programs. However, some contributions of technology are out-of-date, unusable with current software requirements, require technical services that may or may not be available in our district. or force the District to incur an additional cost to use the donation. Listed below are the Minimum Standards for Donations/Contributions of computer technology. <u>All donations must be pre-approved by the Executive Director of Information Technology Services</u>.

Minimum Standards for Donations/Contributions (all must be met):

Category – Windows	Recommended
Processor	Intel i5 series / AMD A6 series or higher; 2.50 GHz CPU speed and faster
