**PROPOSAL FORM**

**Board of Trustees  
Jackson Public School District  
Jackson, Mississippi**

Ladies and Gentlemen:

I/We, propose to furnish and deliver all items and/or to perform all services according to all sections of this bid document (Proposal Form, Instructions and Conditions, detailed written Specifications, and Addenda if applicable) and in the quantities at the indicated prices, as called for in the document(s). All quantities indicated have been checked very closely, and both unit price and total price (where requested) have been submitted with the understanding that we shall be responsible for making complete and satisfactory delivery accordingly, within the timeframe agenda (if applicable).

All items contained in this bid shall be as specified or JPSD approved equal. For any item(s) proposed which is other than as specified, a complete and detailed cut and description for each item(s) must accompany the bid, if the item(s) is to be considered. Please carefully read each section of this bid.

### Preference for Local Contractors

NON-RESIDENT CONTRACTORS ONLY: In letting of public contracts for the purchase of public construction, preference shall be given to resident contractors as provided in Miss. Code Annotated, §31-7-47 and §31-3-21, as amended. A non-resident contractor domiciled in a state having laws granting preference to local contractors shall be awarded Mississippi public contracts only on the same basis as the non-resident contractor's state awards contracts to Mississippi contractors. Mississippi contractors shall be granted preference over non-resident contractors in the awarding of public contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the non-resident contractor. **When a non-resident contractor submits a bid for a public contract, the contractor shall attach to the bid proposal a copy of its resident state's current law pertaining to such state's treatment of non-resident contractors.** The contractor shall also provide the following information with the bid proposal:

Contractor shall indicate its state of incorporation or its principal place of business or domicile:

---

If contractor is a partnership, contractor shall provide the name and place of residence of all partners in the firm: \_\_\_\_\_

---

Failure to provide any of the above information may result in the rejection of contractor's bid as "non-responsive."

The Board of Trustees of the Jackson Public School District (hereafter referred to as "JPSD") is soliciting sealed, written formal bid proposals from qualified vendors (hereafter referred to as "Vendor") for the purchase of furniture, equipment, supplies, materials, labor or services as outlined in the following specifications. Sealed bids shall be received by JPSD, in the Business Office of the Jackson Public Schools, 662 South President Street, Jackson, Mississippi, until the time specified on the Bid Opening Schedule (front page of the formal bid document), at which time all bids shall be publicly opened and read aloud. Neither dating of the bid form nor placing the bid in the mail by this date shall meet legal requirements; the formal bid document must be **received in the Business Office** of the Jackson Public School District on or before the date and time stated.

JPSD reserves the right to reject any and all bids received and to waive any and all informalities. Vendors are encouraged to very carefully read all sections of this bid document prior to submitting a bid proposal.

It is the basic philosophy of JPSD to extend to all responsible Vendors equal consideration and the assurance of unbiased judgment in determining whether their product or service meets specifications and the educational needs of the school district. JPSD shall fairly evaluate all formal bid proposals submitted and base all decisions on the "lowest and best" bid concept, purchasing only those products and/or services which meet the specifications as written. All decisions rendered shall strive to achieve the greatest value from every tax dollar expended. JPSD shall make no discrimination based on race, color, creed, religion, or national origin, in either the product evaluation process or in transacting business with Vendors or Vendor representatives.

The advertising and publishing of this formal bid has met all legal requirements (Mississippi Code of 1972, Annotated, §31-7-13), hence the requirement to offer public notice of the intent of JPSD to solicit bids via this bid document has been satisfied.

This document is to serve as an invitation to all qualified vendors to extend to JPSD, an offer, for the sale of all products and/or services specified herein. It is the purpose of this bid document to clearly define "open" and "competitive" product or service bid specifications. All items on this bid are to be **as specified or JPSD approved equal**.

**Addendum:** Vendor shall acknowledge the receipt of all addendum which were issued during the course of this formal bid. If specified in the text of the addendum, in addition to acknowledging receipt of the addenda below, the addenda may require additional information required for the bid (e.g., pricing), in which case the

Addendum shall not only be acknowledged below but shall be completed and attached to the bid at the time the bid proposal is submitted. Receipt of the following Addendum issued during the course of this formal bid is hereby acknowledged:

Addendum Number		Date	
Addendum Number		Date	
Addendum Number		Date	

It is acknowledged that this formal bid proposal consists of the following sections: **PROPOSAL FORM, INSTRUCTIONS AND CONDITIONS, SPECIFICATIONS** and any **ADDENDUM** (if applicable). The detailed specifications section may include blueprints, drawings, or other documents which shall be deemed to be a part of these written specifications. I/We understand that each form is to be signed as required in the specifications, and unless this has been done, the bid proposal may be considered incomplete and therefore rejected. Likewise, it is understood that the submission of all documents called for in the detailed specifications shall be submitted as defined in the specifications, and that failure to do so may result in rejection of the bid in part or in total. I/We, the undersigned, do hereby understand and accept all sections of this bid document and all addenda (if applicable) under which this quotation is being submitted and agree to perform in compliance with the specification requirements as set forth herewith.

I/We further agree that JPSD reserves the right to award the order, if awarded, within forty-five (45) calendar days from the date of the bid opening, unless otherwise indicated in the written specifications which follow. Consequently, I/We agree not to request permission to withdraw the quotation after bids have been publicly opened for this period of time. Having carefully examined all elements of the specifications and addenda, I/we propose to furnish all furniture, equipment, supplies, materials, labor or services required according to the written bid specifications in connection with this bid and do hereby submit the following formal bid proposal, for the total amounts indicated on the proposal form pages, where requested in the bid document. The individual signing this Bid Proposal shall be a responsible officer of the company and shall be authorized to sign on behalf of the company.

\*\* End Proposal Form Section of This Bid Document \*\*

**INSTRUCTIONS AND CONDITIONS**

**Preparation of Bid Proposals**

Vendors should adhere to all of the instructions and conditions as contained in this section of the bid as well as all other sections of these bid specifications; failure to do so may result in rejection of the bid.

All bid proposals must be completed in ink or typewritten; all bids must be manually signed. No erasures shall be permitted; mistakes may be crossed out and corrections inserted adjacent. All corrections (including "white-out") must be initialed in ink by the person signing the bid proposal. The proposal must be signed with the firm or corporate name and by a responsible officer or employee of the firm. Vendor is to acknowledge receipt of any and all addenda (if any) re bid specifications and/or drawings which are published for this bid. All addenda shall be acknowledged as outlined in the Proposal Form section of this bid document.

Vendors should respond by using the proposal form and all other sections of this bid document without alterations, where information is requested. For every item proposed, the "Unit Price," "Total Price," (where requested), and "Quoting On" lines must be completed. All information concerning warranties, delivery dates, etc., where requested, must be completed by the Vendor; all "checklists" must be completed and submitted with the bid, if required in the specifications.

Pages on which there are no items being quoted by the Vendor, may be detached, and only those pages which contain a quoted item(s), along with the signed proposal form (both pages of the proposal form) and all other documents stated in the detailed specifications need be returned. On pages in which there are both items being quoted and items for which a price quotation is not being offered, the Vendor shall indicate "No Bid" on the "Total Price" line for all items not being offered for bid.

Prices must be stated in units specified hereon; i.e., in the units of measure indicated (per each, or dozen, case, etc.). JPSPD shall not be responsible for pricing which does not conform to the unit of measure indicated, and likewise JPSPD has no authority to amend a unit price once submitted even if the error is obvious. Pricing must be stated in U.S. dollars and cents and shall be offered in a known amount; i.e., a bid which simply states "My bid is \$1.00 lower than the lowest bid received" shall not constitute a legal bid proposal.

**Submission of Bid Proposals**

Bids, once completed, should be placed in an opaque envelope with the enclosed gummed label attached to the outside of the envelope, with the Vendor name and bid number as they appear on the proposal form written on the label, in order that the bid may be accurately registered upon receipt. A responsible official who is a legal representative of the Vendor must sign the attached proposal form, in order for the bid to be valid and acceptable. A bid which is not signed is not binding on the part of the Vendor and therefore does not constitute an informality which may be waived by JPSPD. Should a return label not be included with the bid document, address the outside of the envelope as follows:

IF MAILED	IF DELIVERED
Jackson Public School District	Jackson Public School District
Business Office	Business Office
Attention: Bettie Jones	Attention: Bettie Jones
Purchasing Coordinator	Purchasing Coordinator
P. O. Box 2338	662 South President Street
Jackson, MS 39225-2338	Jackson, MS 39201

In addition, the following information should be indicated on the outside of the bid envelope: (a) Vendor Name and Address and (b) Bid Name and Number and Bid Opening Date, as listed on the Bid Opening Schedule.

If the District's Business Office is closed for any reason, including but not limited to inclement weather, an emergency situation or any other act of nature, which closure prevents the opening of bids at the previously advertised date and time, all bids received shall be publicly opened and read aloud on the next work day that the District's Business Office shall be open for business at the previously advertised time. The new date and time of bid opening, as determined in accordance with this paragraph, shall not be advertised, and all Vendors, upon submission of a bid proposal, shall be deemed to have knowledge of and shall have agreed to the provisions of this paragraph. In such event, bids shall be received by the District until the new date and time of the bid opening as set forth herein. JPSPD shall not be held responsible for the receipt of any bids the delivery of which was attempted and failed due to the closure of the Business Office. Each Vendor shall be required to ensure the delivery and receipt of its bid by JPSPD's Business Office prior to the date and time of bid opening.

**Modification and Withdrawal of Bids and Late Bids**

Bid proposals should be verified before submission for accuracy and correctness, since JPSPD shall not be responsible for any errors for which the Vendor is responsible. Bids may be modified or withdrawn by written notice or in person from the Vendor, if received in the Business Office prior to the time set forth in the Bid Opening Schedule; no telephone oral withdrawals shall be accepted. Notations written by the vendor on the outside of the bid envelope stating that an amount is to be "added" or "deducted" from the pricing structure submitted on the bid document sealed inside the envelope shall not be deemed permissible; all such notations shall be ignored relative to pricing submitted by the vendor. The pricing submitted on the form(s) provided by JPSPD shall be deemed to constitute the legal pricing offered by the vendor and it is that pricing which shall prevail and for which the vendor shall be accountable.

NO bids may be accepted, modified or withdrawn which are received in the Business Office, after the time set for the opening of bids. NO EXCEPTIONS! Any and all bids received after the bid opening time and date indicated on the Bid Opening Schedule shall be refused and marked "Late Bid" and returned to the Vendor, unopened. No formal bid proposals may be "faxed" and no telegraphic modifications may be made to any bid proposal once received by JPSPD; all changes shall be made prior to the bid opening **on the document** submitted to JPSPD.

### **Acceptance and Award of Bid Proposals**

The Vendor's bid proposal, once submitted and accepted as a valid bid by JPSD, shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to JPSD as per the terms of the bid specifications, all products and/or services contained therein. Bid proposals are subject to acceptance by JPSD at any time within forty-five (45) calendar days following the bid opening date. Consequently, all price quotations shall be effective for a minimum of forty-five (45) calendar days and a maximum period as indicated in the specifications. All bids must be valid for the effective dates stated in the specification, if applicable.

Award of contract shall be made to the responsible Vendor whose bid, conforming to the specifications, is deemed to be the most advantageous to JPSD, price and all other factors considered. The Vendor acknowledges the right of JPSD to reject the bid, in part or in total, if the Vendor fails to submit the data required in the specifications, or if the bid is in any way incomplete or irregular. Under no circumstances may a Vendor deliver, install, or perform any service as specified in these specifications without written authorization from JPSD (i.e., a duly issued purchase order or signed contract). All formal bid proposals shall be approved by the Board of Trustees prior to the award of the bid.

The Vendor shall be issued a purchase order document, which shall be deemed acceptance of the bid proposal offer made by the Vendor, for all items and/or services approved by the Board of Trustees and awarded as a result of this bid. However, if in the opinion of JPSD a contract document is required to authorize the award of the bid, Vendor agrees to sign and execute all such contract documents as required in the written specifications. NOTE: If Vendor policy requires that JPSD sign Vendor contract documents, a sample of all such documents shall be included with the bid proposal and shall become a part of the Vendor's bid proposal.

### **No Response to Bid Quotation**

Due to the ever-increasing postal rates, it is necessary to remove the names of Vendors from bid mailing lists which do not respond in writing to formal bid proposals which are mailed to them. Henceforth, it shall be interpreted that a Vendor no longer wishes to remain on the bid mailing list for any bid, unless the Vendor offers a bid proposal or returns the cover sheet of the bid marked "NO BID - Please Leave Name on Active Bid Mailing List." Likewise, for the Board's information, please indicate on a sheet of your company's letterhead, the reason(s) why your company is not submitting a bid proposal in response to these specifications at this time. Failure to respond at all to an offer to bid shall result in the removal from the bid mailing list. It shall be the responsibility of the Vendor to notify JPSD in writing if the Vendor has a change of address.

### **Rejection of Bid Proposals**

JPSD reserves the exclusive right to reject the bid of any Vendor in part or total for reasons deemed appropriate, such as a documented past experience(s) in which the Vendor failed to perform according to stated specifications once awarded the bid, suspicious financial responsibility of the Vendor, instances in which Vendor offered references were checked with resulting negative connotations, etc. JPSD reserves the right to accept the "lowest and best" bid, which in their judgment, assures JPSD the product(s) or service(s) having the best performance and the highest level of function, quality and value. Any Vendor which does not indicate on the "Quoting On" line for each item on which a quotation is submitted, exactly what is being offered, may expect that item to be rejected, due to the fact that what is being offered cannot be clearly identified and compared to what is specified.

### **Approved Equal**

It is the intent of this document to clearly define "open" and competitive product or service bid specifications. All items on this bid are to be as specified or JPSD approved equal; JPSD shall reserve the exclusive right to determine products and or services which are approved as equal to those specified herein. Reference in these specifications to and the use of the name and model number of any article, product, material or item of furniture and equipment by proprietary name, manufacturer or manufacturer's model or catalog number in describing an item, is intended to establish a standard of type, quality and design, and is therefore not intended to limit competition. Vendors may submit bid proposals for products which are of a different manufacturer and model number from that which is specified, provided the herein procedure is adhered to exactly. However, Vendors are encouraged to offer products of those manufacturers and model numbers specified, if at all possible.

For any item(s) which is proposed, which is other than as specified (brand name and number), it is the responsibility of the Vendor to submit, with the bid proposal, a manufacturer's published detailed cut and description, catalog, or other descriptive document, explaining in detail, exactly what is being proposed. Likewise, any support literature for any item(s) proposed which is other than as specified (manufacturer and model number), shall be clearly labeled as to the **Vendor's Name**, the **Item Number** as appears in the specifications and the **Item Name**. It shall be the responsibility of the Vendor to ensure that a detailed, technical description is provided for all items which shall allow for an accurate comparison to the item specified. All such support documentation shall be submitted with the bid proposal and shall be organized in one of the following manners:

- (a) Bound Volume of Pages - for each item, a picture and detailed product specification (for the exact manufacturer and model number proposed) shall be pasted on an 8 1/2" X 11" sheet of paper and bound in a cover with the Vendor's Name on the outside of the cover. The item number and item name as listed in the bid specifications shall be indicated at the top of each page. The support literature shall be organized in a bound volume in order by item number. Preferably, only one item shall be placed on each page.
- (b) Published Catalog - it shall be permissible to submit with the bid, a general or manufacturer's product catalog clearly indicating the detailed product information concerning the proposed product; however, if this method is utilized, it shall be the responsibility of the Vendor to place beside the product manufacturer and model number on the "Quoting On" line the correct **page number** in the catalog which is submitted, on which the product may be found. JPSD shall not research catalog table of contents or indexes attempting to locate items which are offered on this bid.

In addition, it shall be the responsibility of the Vendor to clearly define any deviations that exist from specifications, if any, between what is proposed and what is specified, for each item offered, which is other than as specified. All such information relating to product deviations may be placed in the bid proposal either on the page below the item specification or on a separate sheet. If a separate sheet is utilized, the page shall be entitled "Proposed Product Deviations" and each item shall be clearly labeled as to number and name as they appear in the specifications. Failure to provide such documenting evidence to support any such item offered and/or any significant product deviations may result in rejection of the item(s) involved.

### **Pre-Bid Approval of Items**

Preference shall be given to those manufacturers and models which have been granted pre-bid approval based on past performance. Vendors are encouraged to request approval of their brands and models for each item(s) which are to be offered via bid in the future, in order to meet specifications as listed on this bid. All such requests shall be made in writing to the Director of Budget/Internal Services. After the bid has been published, all decisions as to product-approved equals shall be made following the bid opening. Where applicable, for the products and/or services to be provided in the specifications, preference shall be granted to those Vendors which offer local sales and service, parts inventories, user training orientation, etc. In the case of "tie bids", all factors being equal, the local vendor shall be recommended to the Board of Trustees for approval.

### **Net Prices**

In all cases, prices quoted are to be net including all applicable discounts. A separate price shall be offered for each item and not in combination with other items (unless the grouping of items is otherwise allowed as defined in the specifications). Unit price shall prevail in case of a conflict between unit and total price (extension); written price shall prevail in case of a conflict between written and enumerated pricing. Vendors are instructed to round off all unit pricing and extensions to the nearest whole cent; i.e., round the pricing to **two** places to the right of the decimal point only. The JPSD mainframe computer database is designed to accept only pricing which is stated in this manner. All items for which pricing is submitted which is other than two places to the right of the decimal shall be accepted; however, all digits beyond a whole cent (more than two places to the right of the decimal) shall be ignored in the bid analysis process and the unit price indicated on the purchase order shall be to the nearest whole cent for each item involved.

### **Freight**

The Vendor agrees to deliver all items prepaid (F.O.B. DESTINATION), to an inside point or points of receipt within the District. If multiple delivery sites are required for items in the bid, either the total number of or the exact address of all such sites shall be indicated in the specifications section of the bid document. All costs for delivery, drayage or freight, for the packing or unpacking, loading and unloading of said articles, are to be borne by the Vendor, and should be included in the unit price.

### **Taxes**

Vendor pricing shall not include any taxes (unless specified), since JPSPD is tax exempt. Federal Excise Tax Exemption Certificates shall be executed when required upon request by the Vendor.

### **Grouping of Items**

As stated above, no grouping of items shall be allowed unless otherwise defined in the detailed specifications. Most items are to be offered for bid on an "individual" basis and shall be awarded accordingly. However, certain circumstances may arise in which it is to the advantage of JPSPD to group items offered for bid. In certain instances, for the purpose of continuity and to insure product compatibility and design, and to minimize the freight costs involved, similar items may be grouped in the specifications and therefore shall constitute a single unit for bid purposes. All items in each such grouping shall be purchased from one Vendor. In order to be eligible for consideration for award of the bid for any group of items, a price quotation must be offered for ALL items in the grouping and a total price given for all items included in the grouping; award of the bid shall be made following careful analysis of the "lowest and best" bid offered for the entire group of items. Failure to offer a quotation for all items in a group may constitute a "No Bid" for the entire group of items.

### **Payment and Invoicing**

Unless otherwise indicated in the detailed specifications of this bid document, it is mutually understood that JPSPD shall make remittance in a **single lump sum** payment **following satisfactory delivery of all items** listed on the purchase order or following satisfactory performance (final inspection) of all services as specified in the contract. JPSPD remits by "completed purchase order" only; remittance shall not be made upon receipt of partial shipments or performance, or the receipt of invoicing for same, but only after all items included on the purchase order or contained in the contract are delivered and/or satisfied. Invoices submitted against **Multi-Year or Open Purchase Orders**, remittances are process based on the contracted scheduled agreement prior to the purchase order being generated. Only **Multi-Year and Open Purchase Orders** have multiple invoices received for remittance for payment. Professional Services, Construction, items and other such services; invoices are submitted for payment in intervals following satisfactory delivery of ALL services and /or performance of ALL services indicated in the contracted agreement between said vendor and JPSPD for that time period, following inspection if applicable.

Vendors must agree to submit itemized invoices procured on a purchase order issued by the JPSPD. Vendor may submit invoices via email to [jpsap@jackson.k12.ms.us](mailto:jpsap@jackson.k12.ms.us) or use USPS and mail remittance to Jackson Public School District, Business Office/Accounts Payable, Post Office Box 2338, Jackson, Mississippi, 39225-2338, following the delivery of all items and/or services as indicated on the purchase order or contract. Following satisfactory invoicing as defined above, payment shall be made in full on each invoice to the Vendor within forty-five (45) calendar days from either the date of delivery or the receipt of satisfactory invoicing, as specified above, (in the Business Office), for the complete order or contract, whichever occurs last.

### **Delivery Instructions**

Information containing product delivery instructions for each item specified, shall be so indicated in the specifications. The specifications shall indicate if delivery is to be made to one central location or to multiple locations within the school district. Vendor agrees to adhere to delivery date schedules, as requested in the specifications.

### **Default and Delays**

Upon failure of the Vendor to deliver all of the items ordered or to render service, within the time set or allowed, the successful Vendor shall be considered in default, in which case JPSPD reserves the right to terminate the purchase order or contract and to purchase similar supplies, services, or furniture and equipment, on the open market or secure the manufacture, delivery, and installation thereof by contract or otherwise. The Vendor

shall be charged with any cost occasioned by JPSD whether said cost is the same as originally accepted or any excess cost.

### **Damage to School Property**

Any damage or loss to JPSD property as a result of any action by the Vendor in the delivery, execution or performance of any item or service stated in these specifications shall be repaired or replaced to the satisfaction of designated JPSD personnel, at the Vendor's cost, within a reasonable time.

### **Assemble and Set in Place**

It shall be the Vendor's responsibility to furnish, deliver, unload from the delivery vehicle, completely assemble, set in place and where specified to completely install and make ready for operation to the satisfaction of JPSD all items offered for bid in these specifications. All Vendor personnel shall be legally licensed and fully qualified in the performance of the various areas of installation expertise. Items requiring unpacking shall be unpacked, assembled and set in place by the successful Vendor, at Vendor expense, as directed by the designated representative of JPSD. Where specified, all items shall be furnished, delivered, set in place, and made ready for operation, by the Vendor at Vendor's expense.

### **Removal of Debris**

Where applicable, Vendor owned materials and equipment may be stored on the job site but the contractor shall maintain full responsibility for the stored items and full responsibility for any acts of vandalism or damage to JPSD owned property as a result of the vandalism. Any materials of a flammable nature must be stored at least 50' from the nearest building. Vendor must maintain the premises free from accumulations of waste, debris and rubbish caused by the execution of the contract, as a result of this bid. Upon completion of all work, crates, boxes, and packing material shall be removed from the point of work or delivery by the Vendor, at Vendor expense, and the premises are to be left free of debris.

### **Complying with Specifications**

All material furnished must be in conformity with the specifications and shall be subject to inspection and approval by JPSD following delivery. The right is reserved to reject and return at the risk and expense of the Vendor such portion or the entirety of any shipment which may be deemed defective or fail to comply with specifications. If rejected, it shall be held for disposition at the expense and risk of the Vendor. Vendors shall be required to replace that defective portion or the entire order according to specifications without additional cost to JPSD. Any items which may be lost or damaged in transit from the manufacturer to JPSD shall be replaced or restored to the original good condition by the Vendor at no cost to JPSD, to the satisfaction of JPSD.

If required in the detailed specifications, each Vendor and subcontractor(s), together, should visit the site and take such other steps as may be necessary to ascertain the nature and location of the work to be performed, and the general and local conditions which could affect the work or the cost thereof. All visits to the sites shall be made at the Vendor's expense.

### **Guarantee**

Each Vendor, by presenting a bid under these specifications, binds himself to make positive that all goods are fully up to the standards set by the specifications. Should it be discovered within a reasonable period of time from the date of purchase order or contract that such goods or services are not up to standard, JPSD shall have the right to have such goods or services replaced by others conforming to the standard requirements and the entire expense be borne by the Vendor. The Vendor shall agree to guarantee and warrant all equipment provided as a result of this bid for a period equal to the stated guaranty/warranty in the specifications. All such warranties shall provide the coverage as indicated in the specifications.

### **Samples**

JPSD reserves the right to request of any Vendor offering a product for sale via this bid an exact sample for evaluation for any product proposed. Vendor agrees to submit requested sample(s) within ten (10) calendar days from notification of the sample request. Should the Vendor not adhere to this sampling procedure, the item(s) in question may be rejected on these grounds. Samples must be furnished upon request only, free of expense to JPSD and if not destroyed by tests, shall be returned at the Vendor's expense upon request. Samples are to be submitted to the Business Office to the attention of the Director of Budget/Internal Services,

662 South President Street, Jackson, Mississippi. Samples are to represent exactly what the Vendor actually proposes to furnish. Samples shall be properly identified as to bid number, bid date, name of Vendor, and item number as it appears on the bid. Once the bid is awarded, JPSD reserves the right to subject actual shipment samples to randomized testing. In cases when a sample is sent to testing laboratory for analysis in light of specifications, and the tests results indicate that the sample does not comply with specifications, the cost of the test shall be charged to the Vendor submitting the failing sample. The right is reserved to keep the successful Vendor's sample for comparison with actual shipment. Said sample may be returned to the Vendor or accepted as delivery according to order.

### **Compliance with Laws**

If required due to the nature of the specifications contained herein, the Vendor shall give all notices, pay all fees, and comply with all local city, state, and federal laws, codes, ordinances, rules and regulations bearing on the successful conclusion of an order for supplies, services, or equipment. Vendor is to secure and pay for all permits, governmental fees, licenses and assessments necessary to perform all work as outlined in the specifications. The Vendor shall comply with all fire, safety and security regulations.

### **Insurance**

It shall be the responsibility of the Vendor, once awarded the contract, to procure and maintain at Vendor expense, any insurance coverage equal in coverage to the minimum requirements applicable to the nature and scope of the project as set forth in these specifications. Vendor shall insure the delivery of all products delivered as a result of this bid until such time as all products are received by JPSD, inspected and approved.

### **Liability and Relationship of Parties**

The Vendor shall, and hereby does, indemnify and hold harmless JPSD from any and all claims, suits, actions, judgments, settlements, damages, awards, costs and expenses of any kind or nature whatsoever arising from or out of any assertion or complaint by a third party or parties of any injury or damage resulting from the performance of this agreement by Vendor. Without limiting the generality of the foregoing sentence, as relates to this bid document and any succeeding document(s) as a result of this formal bid, the Vendor (which shall include the vendor of award, the product manufacturer whom the Vendor represents, any subcontractor(s) of either, or any other party acting as an agent of the Vendor or manufacturer) shall hold JPSD, it's officers, agents, servants, and employees harmless from liability of any nature or kind whatsoever against the publisher or author, manufacturer or agent for the use by JPSD of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article, environment-sensitive material, or appliance furnished or used under this bid proposal.

Any architects, consulting engineers, or other defined agents acting in behalf of JPSD with regard to this formal bid, shall be deemed to be extensions of JPSD and therefore all terms and conditions in this bid document shall equally apply to said third parties just as they do to JPSD. Neither this bid nor any succeeding document(s) as a result of this formal bid, shall constitute nor create a partnership or joint venture between JPSD (or any agent acting in behalf of JPSD) and the Vendor, nor does it create a business relationship between the parties other than that specifically provided for by the terms of this agreement.

### **Non-Mentioned Items**

Any standard manufacturer's parts, components, other equipment or related accessories not specifically mentioned by name or included in these specifications but which are normally a part of the equipment and furnishings necessary to complete the installation or insure the performance of the item, which are normally advertised and sold as a part of the "total product", shall be deemed to be included in the bid and shall therefore be furnished by the Vendor under the framework of this bid, at no additional cost to JPSD.

### **JPSD Responsibilities**

With regard to installation as per these specifications, it shall be the responsibility of JPSD to provide all electrical, gas and water services (stubouts) to the products as required and in compliance with the manufacturer's product specifications. Floor drains shall be provided by JPSD. However, any and all product connections required to interface the product with electrical, gas, water and drain facilities, whether indicated on attached project plans, drawings and specifications, including all addenda issued pursuant to this bid, shall be solely the responsibility of the Vendor. JPSD shall allow Vendor access to any facilities involved in these

specifications during normal business hours in compliance with JPSD's approved schedule. Upon written request from a Vendor, JPSD may consider special work hours if required to complete a delivery or a project with an impending deadline. Likewise, if applicable, upon written request from the Vendor, JPSD shall allow Vendor access to any project plans, blueprints or other detailed specifications which may not be included within this bid document, but which could reasonably be expected to have a bearing on the bid proposal. All such written requests shall be forwarded to the Business Office to the attention of the Director of Budget/Internal Services.

### **Product Colors, Finishes and Color Combinations**

Where applicable and indicated in the specifications, color selection of all product finishes and furnishings which have been pre-selected by JPSD, shall be adhered to as closely as possible by the Vendor. There are situations in which it is very important to JPSD that all of the products included in the bid or various sections of the bid, be color coordinated in order that a pleasing decorative atmosphere conducive to instruction be established. It shall be the responsibility of the Vendor to submit as a part of the bid, where required in the specifications, proposed manufacturer's color samples for all items offered for which a specific color is indicated. Failure to do so may result in rejection of any and all items involved in that section.

### **Adjustments in the Quantities to Be Purchased**

All quantities indicated in this bid are projected based on an established need and are stated in "good faith" by JPSD and represent the known quantities which shall be purchased via this bid; however, in order to insure budgetary compliance, a situation may arise in which the quantities indicated for one or more items listed for bid may have to be amended.

**Deletions** - All quantities listed in these specifications are subject to adjustment; JPSD shall reserve the right to delete any and all items entirely and/or to reduce quantities in number prior to issuing a purchase order at the unit price(s) quoted in the Vendor's bid.

**Additions** - If an "additions" clause is to be implemented with reference to the quantities to be purchased as a result of this bid, it will appear in the detailed specifications section of this document. If there is no reference to the purchase of additional quantities the quantities to be purchased shall be as published herein.

### **Follow-Up Services**

The Vendor shall agree to provide to JPSD as part of this bid, at no additional cost, all required user orientation as to the proper use and care for all equipment sold as a result of this bid.

### **Ambiguities**

Should questions arise or ambiguities exist regarding any part of parts of the specifications as published, the Vendor shall notify the Purchasing Coordinator, (601) 973-8582, at least five (5) calendar days prior to the published bid opening date, in order that a written clarification (addendum) from the Business Office can be made known to all Vendors participating in the bid. No addendum concerning clarification of published specifications shall be issued following five (5) calendar days prior to the published bid opening date, unless it is to extend the bid opening date. Interpretation of and subsequent modifications to these specifications shall be made by addenda only; JPSD shall not be responsible for any interpretation of the documents other than as set forth in these specifications or in JPSD authorized written and published addenda. Should ambiguities exist between this section of the bid (Instructions and Conditions), and the stated specifications which follow, the specifications shall prevail and shall be taken to be the correct interpretation for this bid.

### **Vendor Grievance Procedure**

JPSD has adopted a Vendor Grievance Procedure to address and resolve any Vendor grievances or disputes resulting from or arising out of JPSD's bid process. If Vendor disagrees with any aspect of the bid process, Vendor shall adhere to the following procedure. Vendor shall submit a letter or written statement of protest to the Purchasing Agent, with a copy to the Superintendent, identifying the bid, including bid number, title, opening date and, if applicable, the item number(s) at issue, and explaining, in detail, the nature of and/or reason(s) for the protest. No verbal protest shall be acknowledged by JPSD. Vendor protests must be received by the Purchasing Agent not later than five (5) business days prior to the date of the Board meeting at which the Board is to act upon the bid that is the subject of the protest. A review committee, appointed

by the Superintendent, shall evaluate the protest and render a decision expeditiously. The decision of the review committee shall be based on evidence presented by the Vendor, the Purchasing Agent and other appropriate parties, to be determined in the discretion of the committee. In the sole discretion of the committee, the committee may conduct a hearing on Vendor's protest. The decision of the review committee shall be submitted to the Superintendent for approval. The protesting Vendor shall be informed, in writing, of the Superintendent's decision not later than two (2) business days prior to the date of the Board meeting at which the Board is to act upon the bid that is the subject of the protest. The Superintendent's decision shall be final unless Vendor appeals such decision to the Board of Trustees. If Vendor wishes to appeal the Superintendent's decision, Vendor shall deliver its appeal, in writing, to the Office of the Superintendent not later than 12:00 p.m. on the date of the Board meeting at which the Board is to act upon the bid that is the subject of the appeal. Appeals shall be presented to the Board at the meeting at which the Board acts upon the bid that is the subject of the appeal and Vendor, upon written request, will be granted up to five (5) minutes to appear and present to the Board at such meeting its protest and/or appeal. After the Board takes final action upon a bid, no appeals or protests will be acknowledged by JPSD. The decision of the Board shall be final, subject to Vendor's right to pursue a legal remedy.

### **Exceptions to These Instructions and Conditions and/or Specifications**

The Vendor, when through a voluntary and independent action, places the signature on the proposal form, fully agrees to accept and comply with all instructions and conditions and all other requirements defined in the detailed specifications and outlined in all other documents pertaining to the bid document. Should any Vendor take exception with any part(s) of these instructions and conditions, or any part(s) of the specifications which follow, it is the responsibility of the Vendor to so acknowledge such differences in detail on a separate sheet(s), and attach and submit said sheet(s) with the bid; all such exceptions shall become a part of this bid. **Proposal awards are based on the availability and continuation of funding. In the event of funding reduction, this award can be rescinded at any time.**

### **Jackson First**

Jackson Public Schools is committed to supporting businesses within the City of Jackson. We believe that our businesses are vital to the success of our students and our schools. We also believe that the district should strive where possible to acquire goods and professional services from qualified businesses within the City of Jackson. The district is not willing, however, to sacrifice quality, noncompetitive or inflated pricing in its pursuit to support Jackson businesses. In light of our desire to support Jackson businesses, we are pledging to put JACKSON businesses FIRST when acquiring goods and professional services.

### **Important Message**

**Until further notice, all hand delivery proposals delivered between 9:00 a.m. until 9:59 a.m. (local prevailing time) the date the bid is scheduled to open, must be delivered to JPSD Board Room, 621 South State Street, Jackson, MS 39201.**

**Frozen Food, Meat Products, Crackers and Chips**  
**Effective Dates: August 1, 2021 – December 31, 2021**  
**With Option to Extend One (1) additional Seven (7) Months Including Summer Feeding Program**

**Contract Renewal:**

The terms of this contract shall be for a period of five (5) months with the option to renew for one additional seven-month period, including the Summer Feeding Program. The Jackson Public School District reserves the right to extend the term for up to thirty (30) days to continue a source or sources of supply until new or replacement contracts are completed. Any contract extension is contingent upon mutual approval by Jackson Public Schools and the contractor(s).

**Vendors are encouraged to carefully read the following concerning changes in this bid affecting the grouping of items and units of measure.** The quantities indicated for most items contained in the bid are for the lowest common unit of measure possible (e.g., pound, ounce, etc.). This was deemed necessary because the products offered for vendors vary in count and portion size per case. The "lowest and best" bid determined by utilizing this bid unit of measure.

The Board of Trustees of the Jackson Public School District (JPSD) is soliciting sealed, written bids on items of Frozen Food, Meat and Meat Products as specified herein from qualified vendors (Vendor), to be purchased on an "as needed" basis by Food Service lunchroom managers during the effective dates of this bid. Any Vendor, through the act of submitting a bid on any or all items on this bid, agrees to these terms and conditions, as set forth. Should exception be taken with any item(s) as defined, by any Vendor, a complete detailed explanation of any and all exceptions must be attached to and submitted with the bid proposal, and come a part of the bid proposal. The contract for any item(s) on this bid may be terminated immediately, upon mutual agreement of both parties or upon the discretion of JPSD, if the terms of the contract have been violated in any way, as outlined in these instructions and conditions.

Because of confusion surrounding past bids for Frozen Food and Meat Products, regarding the manner in which the product brand names and product numbers which are being offered by the vendors are to be indicated on the bid document, this bid has been modified from those in the past. Please pay close attention to the format as defined herein for indicating exactly which product (brand name, product name, packer's number, etc.) are to be indicated on the bid form.

There exists on this bid two different types of specifications:

- ✓ Those items for which there are pre-approved brand names and product numbers listed
- ✓ Those items for which there are no pre-approved brand or product listed

**Pre-Approved Items:**

The "Quoting On" line has been removed from the specifications for those items for which pre-approved products exist. Indicate below certain items contained in the bid are the pre-approved products. Vendors shall indicate which pre-approved product is being offered for bid by **CIRCLING** the pre-approved brand name and product number which is listed. Where pre-approved products are indicated, only products which

have been pre-approved acceptable and any product which has a different brand name and/or product number from those which are listed, shall NOT be accepted. If pricing is offered by the Vendor for an item for which no pre-approved brand and/or number is circled by the Vendor, clearly indicating what is being offered for bid, that item rejected and likewise all item in that group rejected. So be careful and make certain to **circle** one of the pre-approval products where pre-approved products are indicated for the item.

**Items for Which There Is No Pre-Approved Brand Name/Number:**

The vendor shall enter on the "Quoting On" line the product manufacturer's brand name and product number for what is being offered. All information which shall appear on the carton once delivered (i.e., the complete brand name and product numbers) indicated on the "Quoting On" line. Failure to provide the product brand and number on the "Quoting On" line shall result in rejection of the item. See the "Chart of Grade Designations" contained herein.

**How Packed:**

For ALL items offered, the vendor shall indicate on the "How Packed" line, the packaging count and size for the product being offered. The count and size indicated wherever applicable. If the information requested on this line is not provided, the bid for that item rejected.

**Correction of Pre-Approved Brands and/or Numbers:**

Should any of the pre-approved product numbers be incorrect or discontinued, vendor shall change the product number to the correct prevailing number, and document the change with a brochure from the product manufacturer clearly indicating that the change is verified. Any changes without documentation shall not be allowed. A letter is forwarded to each lunchroom manager, indicating which vendor was awarded the various groups of items and the miscellaneous items as well. Included in this letter is the unit cost of the item and exactly (brand name and number) what is to be furnished by the vendor. The managers check each box received against the letter to ensure that no substitution of product has occurred. Hence, it is very important that this procedure be followed in order for the vendor to indicate very clearly the product name and number which is to be furnished.

**Call for Information If Unclear:**

Should the above procedure not be followed by the Vendor concerning the clear indication of the exact product which is being offered, JPSD SHALL reject any item or groups of items, if the bid proposal submitted by the Vendor does not adhere to the above conditions; NO EXCEPTIONS. If there are any questions concerning the above procedure, please call 960-8796 for clarification BEFORE SUBMITTING A BID PROPOSAL. Only bids which comply with the above defined requirements considered for award. Vendors are cautioned to make certain that the **Unit Pricing** submitted is in harmony with both the **Bid Unit of Measure** (Pound, Ounce, Etc.) as well as the **Ordering Unit of Measure** (Case, Box, Etc.), which is specified for each item on the bid. If the unit of measure specified is per POUND do not offer unit pricing per EACH. Since it shall not be possible to compare competitive pricing submitted by Vendors unless the unit pricing is as per the specified unit of measure, a bid proposal which has pricing which is not in accordance with the unit of measure may be deemed "non-responsive" and may be rejected.

**NON-LOCAL VENDORS**, which for the purposes of this bid defined as those Vendors which are not located within the metropolitan area of Jackson, Mississippi, are invited to offer a response to this formal bid solicitation. However, to insure that geographic distance shall not present problems concerning the "order taking" or "delivery" processes or any other phase of the products to be furnished and delivered, the following information must be provided by a non-local vendor. This information need only be provided one time during the school year and not with each bid proposal submitted. It is not the intent of this request for information to be discriminatory toward non-local produce vendors; it is an attempt to ensure that both JPSD and the Vendor will not be placed at a disadvantage because of the non-local nature of the vendor's operation. No matter whether or not a vendor is local or non-local, all applicable Health Department ordinances, regulations and guidelines (Federal, State of Mississippi, Hinds County and City of Jackson, Mississippi) shall apply in all transactions occurring as a result of this bid.

Non-local Vendors shall provide all information requested below on a separate sheet which attached to the bid proposal at the time the bid is submitted and which come a part of this bid.

- ✓ Indicate the number of miles from Jackson, Mississippi which Vendor is located.
- ✓ Indicate the Toll Free telephone number managers may call to place orders. Indicate the days/hours which JPSD managers may place orders.
- ✓ Describe Vendor warehouse facilities and staff.
- ✓ Indicate in detail the delivery schedule (number of days per week and hours) proposed to adequately make deliveries to all schools in JPSD.
- ✓ Describe the delivery vehicles which utilized to serve the JPSD account. Will refrigerated vehicles be utilized for deliveries to the Jackson Public Schools?

**Vendor Responsibilities:**

It mutually agreed that prior to the acceptance of any bid, a Vendor and all of a Vendor's products which are proposed on this bid must be deemed pre-qualified, in the judgment of designated JPSD officials, to perform as required herein. A bid may be rejected if a Vendor fails to meet any one of the qualifications pre-determined by designated JPSD officials. Vendor agrees to submit full-case samples for any and all items they propose to quote on, prior to offering that product for sale via this bid and also to submit samples at the request of the Director of Food Service. Vendor agrees to accurately provide all information requested for each item offered on this bid. This includes the UNIT PRICE, the ORDER PRICE (if applicable), PACKAGING INFORMATION, and EXACTLY WHAT IS BEING OFFERED ON THE "QUOTING ON" LINE. Failure to provide such information may result in the rejection of those items involved.

- ✓ BID UNIT PRICE as per the Bid Unit of Measure indicated (OUNCE, POUND, etc.). This unit price is the lowest common unit of pricing and used to determine the low bidder for each item.
- ✓ ORDER UNIT PRICE as per the Ordering Unit of Measure indicated (BOX, CASE, etc.) This unit price used when ordering each item from the successful Vendor by the food service managers and when invoicing JPSD by the Vendor. Below the specification for each item for which there is an ORDER UNIT PRICE a line requesting HOW PACKED (i.e., exactly how the product you propose to furnish is packed). The HOW PACKED information must be provided by each Vendor, if the bid for that item is to be considered. Vendor shall make certain that all information is given on the HOW PACKED line to require to compute the ORDER UNIT PRICE.

Vendor agrees to offer quotations on only those items included in the previous sampling process, for which the approved brand names and numbers are listed under each item as part of the specification. NO ALTERNATES ACCEPTED FROM THOSE BRANDS AND/OR NUMBERS LISTED ON THE BID; NO EXCEPTIONS.

Vendor agrees to furnish all products awarded as a result of this bid, in the quantities requested, when needed, and of the quality specified. It is mutually agreed that no Vendor may renege on the delivery of any item(s) awarded on this bid, for whatever reason(s). Once the bid has been publicly opened, no Vendor may withdraw any price submitted for any item, during the effective dates of the bid; NO EXCEPTIONS. Prices for all items offered on this bid firm for a period equal to the "Effective Dates of This Bid," as stated on the bid cover sheet (approximately 90 calendar days) with the option to extend the bid for 30 days if needed. If, for whatever reason(s), a Vendor does in fact attempt to renege on the delivery of any item awarded to him, when required, that Vendor shall no longer be eligible to receive the bid on that item for the balance of the school year. Continuous instances of default may result in the removal of the guilty Vendor from the bid list, and halt future participation in the bid process.

Lunchroom managers and others closely check to insure that what is listed on the Award Letter as approved is in fact what is received. Discrepancies reported to the Director of Food Services, and then to the Vendor(s) involved. Vendor agrees that each delivery ticket receipted (signed) by a designated school receiver. Variations from the norm (i.e., shortages, damages, etc.) noted on each ticket by the designated school receiver and initialed by both the truck driver and the school receiver, if known at the time of delivery. Special or intermediate deliveries required only if a Vendor fails to deliver a product on a regularly scheduled delivery, in which case the Vendor shall make delivery within 24 hours or as otherwise requested by the Director of Food Service or her designated representative.

The portion or serving sizes indicated in the item specifications on this bid are intended to be minimum serving sizes for student meals; do not quote on products which are packaged in smaller sizes than those specified. Likewise, do not quote on products which are packaged greater than ten (10) percent of the sized indicated.

Vendor shall submit invoices for individual schools monthly on mutually agreed upon dates to JPSD. Dates established by the Director of Food Service and Accounts Payable Coordinator. Each invoice shall include a summary of delivery tickets for the period.

A purchase order is issued by JPSD to each Vendor which is awarded item(s) on this bid, to be valid for the effective dates of this bid. Since the exact quantities for each item on this bid which are to be used by each school for the effective bid period is unknown at this time, this purchase order shall include a total purchase order amount equal to the estimated amount of business which transacted during the effective period, based on the items which are awarded, their intended usage, and the unit price submitted on the bid by the Vendor. It the responsibility of each Vendor which is assigned a purchase order (i.e., is awarded items during the effective bid period), to make certain that the purchase order number issued appears on **all** invoices, delivery tickets, etc., pertaining to the sales transaction. Invoices received from the Vendor which do not have the correct purchase order number clearly indicated thereon returned to the Vendor, and payment may be either delayed or refused by JPSD.

Vendor shall agree to submit monthly product utilization reports to the Office of the Director of Food Service. Such reports shall indicate total quantity delivered, per item, per school delivery point, in terms of the unit of measure as specified on the bid. Utilization reports received by JPSD within fifteen (15) calendar days after the end of each monthly contracted period.

Groupings - for the purpose of continuity, to minimize freight costs and to insure that JPSD is purchasing all items in the most economical manner, product groupings have been established and incorporated within these specifications. Similar items have been grouped in the specifications and therefore shall constitute a single unit for bid purposes. All items in each such grouping purchased from one Vendor. In order to be eligible for consideration for award of the bid for any group of items, a price quotation must be offered for ALL items contained in the grouping. Vendors shall offer pricing on all items contained in the grouping, even those items for which a quantity is not indicated. Award of the bid made following careful analysis of the "lowest and best" bid offered for the entire group of items. The "lowest and best" bid determined by multiplying each bid unit price times the quantity for each item contained in each of the groupings. Failure to offer a quotation for **all items** in a group, which meets the written specification, shall constitute a "No Bid" for the entire group of items.

**Owner Responsibilities:**

JPSD agrees to use the designated Vendor(s) as indicated on the Award Letter, as an exclusive source of supply for the various items listed herein, for the effective dates indicated on the cover sheet of this bid. All items on this bid awarded on an individual basis or as groups of items, whichever is so noted.

Ordering times and frequencies, along with delivery schedules submitted by JPSD officials to each successful Vendor, and shall remain constant from week to week. Deliveries ordered in full-case quantities whenever possible. Deliveries made in accord with the frequency and hours designated. Deliveries made Mondays through Fridays except school holidays or closing due to inclement weather. When holidays or closing days fall on a scheduled delivery day, deliveries are made on the next school day.

Owner agrees to furnish Vendors with close, approximate quantities for each item, and firm menus which adhered to. No assurance is given as to the exact quantity to be purchase for any item on this bid. Included with those high volume items is an educated guess (based on menus and past experience) as to the quantity expected to be purchased; it is however an estimated quantity and JPSD shall not be bound to any quantity listed. NOTE: ALL QUANTITIES INDICATED ARE AS PER THE BID UNIT OF MEASURE AND NOT THE ORDER UNIT OF MEASURE.

Owner agrees to work with any Vendor which may for mutually determined, justifiable reasons, be required to change a brand name and number which was previously sampled and approved, and is listed as such on the

bid. However, such changes must be put in writing, and brought to the attention of and have the approval of the Director of Food Services prior to the bid being submitted (opened).

**Item Specifications Terminology:**

The numbers indicated in parenthesis in the body of some of the item descriptions are those which have been formulated by the State Department of Education, in an attempt to standardize product supply lists throughout the state. Product identifications (specifications) have been limited to requirements which may be verified on delivery. For example: "U.S. Grades" are generally not specified unless there is a grade shield on the product container or the product is accompanied by an inspection certificate. Minimum standards of identity, fill of container, drained weight, etc. are automatically part of a product specification or identity. These standards are specifically covered in Federal and/or State regulations and are implied with each product specification. Any supplier who violates these standards is automatically in violation of his contract with JPSD, as well as Federal and/or State laws. JPSD has "automatic" product protection recourse against suppliers for products which are misrepresented. According to Federal regulations, the supplier whose name and address appear on the package is the responsible party. If a Vendor is the first and original packer, he then becomes the last line of recourse in the chain. Vendors are expected to take immediate action to correct any situation in which product integrity is violated.

Approved Brands - Unless a particular brand name is specified under an item in this bid, Vendors are expected to furnish one of the approved brands listed on the "CHART OF GRADE DESIGNATIONS OFFERED BY MAJOR BUYING GROUPS" provided on the following pages of these bid specifications. If a particular brand(s) is stated in the specification of an item, only that brand(s) listed acceptable, and no substitutes allowed.

- ✓ Vendors shall offer a price quotation only on one of the pre-determined approved brands listed under each item on the bid. If there is no approved brand listed under an item, then either the product description itself offers sufficient approval, or blanket approval has been granted when one of the products is offered which is indicated in the charts listed in these specifications.
- ✓ A Vendor may petition for the acceptance of a brand or product ID not listed on the bid as approved. Such petitions should be made well in advance of the issuance of bid invitations. The acceptance of brands or products not on the approved list is subject to JPSD testing, sometimes under cafeteria conditions. Other brands cannot be approved once a bid has been issued, unless all bidders are notified.

**IMPS** - Institutional Meat Purchase Specifications are commonly used throughout these bid specifications. These numbers, wherever possible, should appear on wholesale cartons. However, if the numbers are not shown, the packer must certify to the distributor and/or user that the product meets the IMP Specification. IMP specifications are designated by numbers which have a very specific meaning in identifying the product.

**Poultry products** must be **USDA Grade A**, except as indicated otherwise. The USDA Grade must be identified by a shield on the carton. Plant Grade A may be acceptable, but only after a contract is let, if the product comes from a plant with good quality control and passes the JPSD "kitchen test."

**VPP** - These initials are used herein to refer to Textured Vegetable Protein, because the commonly used initials TVP are a trademark of the ADM (Archer Daniels Midland) Company. The ratio of meat to VPP is referred to as percent meat (flesh) with VPP, rather than percent VPP, because the industry trend is to use this more accurate description.

**Breeding of Meat and Poultry Products** - Specifications as listed for meat and poultry require 25 percent breading at the time of packing. Federal regulations require that breading (for meat and poultry) cannot exceed 30 percent without modifying the name of the product. Packers of breaded meat and poultry products normally will certify that breading at the time of pack will range between 24 and 28 percent. Thus 25 percent means "nominal." Successful bidders are required to furnish dated certificates from packers showing the packer's specifications on range of breading.

**Chicken Fried** - This term refers to the method of cooking, indicating that the product is factory pre-cooked in the same manner as breaded chicken.

**Fresh eggs** must be **USDA** Grade A, except as noted. The USDA grade must be indicated by a shield on the carton. Plant Grade A eggs may be acceptable, but only after a contract is let, and provided that the Director of Food Service is assured that a packer has acceptable quality control. Plant Grade A eggs are judged by the same standards as USDA Grade A, and when a supplier labels eggs "Grade A," they must meet the USDA Grade A standards by State law.

**Raw fish** as specified herein must bear the **PUFI** (Packed under Federal Inspection) Shield. Breaded products must bear either PUFI or USDA (Department of Commerce) Grade Shield, as specified herein and subject to the following:

- ✓ Raw fresh-water fish (i.e., catfish) which are not normally packed under Federal inspection are exempt.
- ✓ Packers of breaded fresh-water fish must provide a certificate, as previously illustrated, to show that their breeding specifications conform to the requirements of JPSD.
- ✓ Breaded fish must bear either a PUFI or Grade A Shield in accord with the U.S. standards of breeding for a particular product.
- ✓ Raw or cooked meats, poultry and seafood's are deemed to be raw (uncooked) unless the term "cooked" is used. The term "cooked" implies fully cooked unless a lesser degree of doneness is specified.

**IQF** - The term "Individual Quick Frozen," or "IQF," essentially means that the parts can be removed individually from packages. The term "quick" means frozen "at the time" in a freezer tunnel, either by air blast, nitrogen or carbon dioxide.

**CN Label** - When a product is CN (child nutrition) labeled, it is "certified" by the packer to conform to the nutritional requirements of the USDA Food & Nutrition Service (FNS). Accordingly, the label shows the contribution made by a given amount of product toward meal requirements.

**USDA Rebate** - This term refers to items produced on "processing contracts" from USDA donated commodities. They cost less than similar items produced from commercial supplies. The savings passed on to JPSD in terms of rebate amounts or discounts, as required by State authorities.

**Product Code Numbers** - Bidders are required by the terms of this contract document to provide packers' product code numbers when bidding items which are either "manufacturers," "precooked," or otherwise lack an easily definable identity. This procedure helps to establish more definite product identification with respect to buyer acceptance and distribution performance.

**Menus** – Bidders may request copies of menus by emailing Marc Rowe (mrowe@jackson.k12.ms.us)

**Important Note:** Please total each group of items. Double check to ensure that totals are correct!! Case prices will be used in the event of price differences to determine bid award. All items must be quoted for each group in order to be considered for award. Your quote should be for the specified quantity of items. Vendors are instructed to round off all unit pricing and extensions to the nearest whole cent - round the pricing to **two** places to the right of the decimal point only. The JPSP computer system is designed to accept only pricing which is stated in this manner. All digits beyond a whole cent (more than two places to the right of the decimal) ignored.

### **Group I - Breakfast Products - Juice, Pastry and Related Products**

All items contained in this section shall constitute a single unit and awarded to one Vendor. Vendor shall offer pricing on all products contained in the group and shall offer products which meet the specifications as written; failure to do so may result in rejection of the bid. All items contained in this section shall constitute a single unit and awarded to one Vendor. Vendor shall offer pricing on all products contained in the group and shall offer products which meet the specifications as written; failure to do so may result in rejection of the bid.

**SPECIAL NOTICE:**

Because of the current instability of the commodity cheese market, JPSP is adding the following addendum to the instructions for Group I to vendors. JPSP is requesting firm pricing for the term of the contract. It is understood that firm pricing for cheese for this bid period may not be realistic. The prices for the cheese items specified firm for thirty (30) days from the beginning of the contract. The awarded vendor will be allowed to escalate or de-escalate a monthly price change during the contract period for the above-mentioned items.

Any price increase must be substantiated by an increase in the market index price and must be verifiable by legitimate market bulletins. The escalation/de-escalation clause of this contract may be enacted if the weekly average price increases or decreases by 4% from the average price for the prior month. Notification of price increase must be accompanied by a copy of the market bulletin and must be submitted no less than ten (10) days prior to the written notice. Any change in price will commence on the first day of the month subsequent to the receipt of the written notification. Index price decreases will be treated in like manner. If the price escalates as described above, JPSPD shall have the right, at its option, to either pay escalated price or terminate the contract of the beef items mentioned above.

<b>TOTAL COST FOR GROUP I</b> \$ _____

## Group II – Beef and Pork Products

All items contained in this section shall constitute a single unit and awarded to one Vendor. Vendor shall offer pricing on all products contained in the group and shall offer products which meet the specifications as written; failure to do so may result in rejection of the bid.

### **SPECIAL NOTICE:**

Because of the current instability of the commodity beef market, JPSD is adding the following addendum to the instructions for Group II to vendors. JPSD is requesting firm pricing for the term of the contract. It is understood that firm pricing for ground beef and roast beef for this bid period may not be realistic. The prices for the beef items specified firm for thirty (30) days from the beginning of the contract. The awarded vendor will be allowed to escalate or de-escalate a monthly price change during the contract period for the above-mentioned items. Any price increase must be substantiated by an increase in the market index price and must be verifiable by legitimate market bulletins, specifically the USDA National Carlot Beef Report. The escalation/de-escalation clause of this contract may be enacted if the weekly average price increases or decreases by 4% from the average price for the prior month based on the

USDA National Carlot Beef Report, boxed beef cutout and cuts. Notification of price increase must be accompanied by a copy of the market bulletin and must be submitted no less than ten (10) days prior to the written notice. Any change in price will commence on the first day of the month subsequent to the receipt of the written notification. Index price decreases will be treated in like manner. If the price escalates as described above, JPSD shall have the right, at its option, to either pay escalated price or terminate the contract of the beef items mentioned above.

All items contained in this section shall constitute a single unit and awarded to one Vendor. Vendor shall offer pricing on all products contained in the group and shall offer products which meet the specifications as written; failure to do so may result in rejection of the bid.

<b>TOTAL COST FOR GROUP V</b> \$ _____

**Fuel Surcharge**

When the cost of diesel has increased by no less than .30 above the baseline fuel price per gallon (baseline + .30) the distributor may petition the Jackson Public School District Food Service Department for a \$2.00 surcharge per invoice. (Baseline fuel price will be set as the price per gallon of diesel on the US Department of Energy [ ] web site on the date the bid is mailed.) For each additional .15 increase in diesel prices, the surcharge may be increased by \$1.00 surcharge per invoice with JPSD approval. (See example provided in the chart below.)

No surcharge will be approved for the initial thirty days of the contract. After thirty days' distributors may contact JPSD and petition for a surcharge as described below. Surcharges may be adjusted on the first day and the fifteenth day of each month. The approved surcharge may be place on invoices for all orders submitted the following day.

Baseline Fuel Price per Gallon*	Current Price	Surcharge
\$X.00	\$X.00 + .30	\$2.00
	\$X.00 + .45	\$3.00
	\$X.00 + .60	\$4.00
	\$X.00 + .75	\$5.00
	\$X.00 + .90	\$6.00

\*Baseline will be set as the price per gallon of diesel on the DOE web site on the date the bid is mailed.

JPSD Food Service Department will monitor the price of fuel once a surcharge has been instituted. Fuel surcharges shall be reduced based on the same formula. For each .15 cent decrease \$1.00 will be removed from the approved surcharge until the fuel prices reach baseline + .30. Should the price go below baseline + .30, there will be no surcharge authorized.

**Summary Pricing Sheet by Group**

Submit pricing at the end of each group and in the summary pricing information table below. Make certain your math is correct since JPSD shall not be responsible for any errors made on the part of the Vendor.
