Preference for Local Contractors

NON-RESIDENT CONTRACTORS ONLY: In letting of public contracts for the purchase of public construction, preference shall be given to resident contractors as provided in Miss. Code Annotated, §31-7-47 and §31-3-21, as amended. A non-resident contractor domiciled in a state having laws granting preference to local contractors shall be awarded Mississippi public contracts only on the same basis as the non-resident contractor's state awards contracts to Mississippi contractors. Mississippi contractors shall be granted preference over non-resident contractors in the awarding of public contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the non-resident contractor. **When a non-resident contractor submits a bid for a public contract, the contractor shall attach to the bid proposal a copy of its resident state's current law pertaining to such state's treatment of non-resident contractors.** The contractor shall also provide the following information with the bid proposal:

Contractor shall indicate its state of incorporation or its principal place of business or domicile:

If contractor is a partnership, contractor shall provide the name and place of residence of all partners in the firm:

Failure to provide any of the above information may result in the rejection of contractor's bid as "non-responsive."

The Board of Trustees of the Jackson Public School District (hereafter referred to as "JPSD") is soliciting electronic Reverse Auction formal bid proposals from qualified vendors (hereafter referred to as "Vendor") for the purchase of furniture, equipment, supplies, materials, labor or services as outlined in the following specifications.

JPSD reserves the right to reject any and all bids received and to waive any and all informalities. Vendors are encouraged to very carefully read all sections of this bid document prior to submitting a bid proposal.

It is the basic philosophy of JPSD to extend to all responsible Vendors equal consideration and the assurance of unbiased judgment in determining whether their product or service meets specifications and the educational needs of the school district. JPSD shall fairly evaluate all formal bid proposals submitted and base all decisions on the "lowest and best" bid concept, purchasing only those products and/or services which meet the specifications as written. All decisions rendered shall strive to achieve the greatest value from every tax dollar expended. JPSD shall make no discrimination based on race, color, creed, religion, or national origin, in either the product evaluation process or in transacting business with Vendors or Vendor representatives.

The advertising and publishing of this electronic Reverse Auction formal bid has met all legal requirements (Mississippi Code of 1972, Annotated, §31-7-13), hence the requirement to offer public notice of the intent of JPSD to solicit bids via this bid document has been satisfied.

This document is to serve as an invitation to all qualified vendors to extend to JPSD, an offer, for the sale of all products and/or services specified herein. It is the purpose of this bid document to clearly define "open" and "competitive" product or service bid specifications. All items on this bid are to be **as specified or JPSD approved equal**.

Addendum: Vendor shall acknowledge the receipt of all addendum which were issued during the course of this formal bid. If specified in the text of the addendum.

It is acknowledged that this formal bid proposal consists of the following sections: **PROPOSAL FORM, INSTRUCTIONS AND CONDITIONS, SPECIFICATIONS** and any **ADDENDUM** (if applicable). The detailed specifications section may include blueprints, drawings, or other documents which shall be deemed

to be a part of these written specifications. I/We understand that each form is to be signed as required in the specifications, and unless this has been done, the bid proposal may be considered incomplete and therefore rejected. Likewise, it is understood that the submission of all documents called for in the detailed specifications shall be submitted as defined in the specifications, and that failure to do so may result in rejection of the bid in part or in total. I/We, the undersigned, do hereby understand and accept all sections of this bid document and all addenda (if applicable) under which this quotation is being submitted and agree to perform in compliance with the specification requirements as set forth herewith.

I/We further agree that JPSD reserves the right to award the order, if awarded, within forty-five (45) calendar days from the date of the bid opening, unless otherwise indicated in the written specifications which follow. Consequently, I/We agree not to request permission to withdraw the quotation after bids have been publicly opened for this period of time. Having carefully examined all elements of the specifications and addenda, I/we propose to furnish all furniture, equipment, supplies, materials, labor or services required according to the written bid specifications in connection with this bid and do hereby submit the following formal bid proposal, for the total amounts indicated on the proposal form pages, where requested in the bid document. The individual signing this Bid Proposal shall be a responsible officer of the company and shall be authorized to sign on behalf of the company.

**** End Proposal Form Section of This Bid Document ****

INSTRUCTIONS AND CONDITIONS

Preparation of Bid Proposals

Vendors should adhere to all of the instructions and conditions as contained in this section of the bid as well as all other sections of these bid specifications; failure to do so may result in vendor not being invited to participate in auction.

Vendors must register using the designated hosting Electronic Bid Management Services listed in the advertising ad. All contact information must be accurate, email address is a must. All correspondence will take place through electronic devices. All interested vendors must have or access to a computer to participate in the reverse auction process or if the vendor is unwilling or unable to participate through electronic reverse auction; the bidder is to indicate in their initial response when submitting their un-price specifications to qualify and be invited to the reverse auction.

If a vendor elects to participate via **Surrogate Bidding**, the vendor must be physically present at the public bidding location with the means to submit written bids for each offer made and signed by an authorized agent of that vendor.

Reverse Auction bids will be received through the hosting electronic bid management services. Jackson Public School District, Business Office, 662 South President Street, Jackson, Mississippi at the designated date and start time of the live auction to begin and ends at the time set forth. The specified time of the Reverse Auction Opening Schedule is located on page one (1) of this formal bid document, at which time all invited bidders shall have access to participate in the live auction process. In the event there are more than one reverse auction, each reverse auction will have a set amount of time for items to be bid live. Neither dating of the bid form nor placing the bid in the mail by this date shall meet legal requirements. The interested vendor that has been invited to participate in the auction must be registered with the designated electronic bid management services web site listed to place bids at the opening.

Prices must be stated in units specified hereon; i.e., in the units of measure indicated (per each, or dozen, case, etc.). JPSD shall not be responsible for pricing which does not conform to the unit of measure indicated, and likewise JPSD has no authority to amend a unit price once submitted even if the error is obvious. Pricing must be stated in U.S. dollars and cents and shall be offered in a known amount; i.e., a bid which simply states "My bid is \$1.00 lower than the lowest bid received" shall not constitute a legal bid proposal.

Once the reverse auction has closed, each participating vendor is hereby required to electronic email or fax this document listing information on pages 1 thru 3 and the breakdown cost of each item listed in the bid

during the Reverse Auction to JPSD to Michelle Robinson at mishelton@jackson.k12.ms.us or fax: 601-960-8967.

Submission of Bid Proposals

If the District's Business Office is closed for any reason, including but not limited to inclement weather, an emergency situation or any other act of nature, which closure prevents the opening of bids at the previously advertised date and time, all bids received shall be publicly opened and read aloud on the next work day that the District's Business Office shall be open for business at the previously advertised time. The new date and time of bid opening, as determined in accordance with this paragraph, shall not be advertised. Vendors that has been invited to participate in the live auction will be notified of such changes. JPSD shall not be held responsible if invited vendor fail to comply or miss reverse auction do to no fault of the District.

Modification and Withdrawal of Bids and Late Bids

Bid proposals should be verified before submission for accuracy and correctness, since JPSD shall not be responsible for any errors for which the Vendor is responsible. Bids may be modified or withdrawn by written notice or in person from the Vendor, if received in the Business Office prior to the time set forth in the Bid Opening Schedule; no telephone oral withdrawals shall be accepted. Notations written by the vendor on the outside of the bid envelope stating that an amount is to be "added" or "deducted" from the pricing structure submitted on the bid document sealed inside the envelope shall not be deemed permissible; all such notations shall be ignored relative to pricing submitted by the vendor. The pricing submitted on the form(s) provided by JPSD shall be deemed to constitute the legal pricing offered by the vendor and it is that pricing which shall prevail and for which the vendor shall be accountable.

NO bids may be accepted, modified or withdrawn the close of the Live Reverse Auction.

Acceptance and Award of Bid Proposals

The Vendor's reverse auction bid proposal, once submitted and accepted as a valid bid by JPSD, shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to JPSD as per the terms of the bid specifications, all products and/or services contained therein. Bid proposals are subject to acceptance by JPSD at any time within forty-five (45) calendar days following the bid opening date. Consequently, all price quotations shall be effective for a minimum of forty-five (45) calendar days and a maximum period as indicated in the specifications. All bids must be valid for the effective dates stated in the specification, if applicable.

Award of contract shall be made to the responsible Vendor whose bid, conforming to the specifications, is deemed to be the most advantageous to JPSD, price and all other factors considered. The Vendor acknowledges the right of JPSD to reject the bid, in part or in total, if the Vendor fails to submit the data required in the specifications, or if the bid is in any way incomplete or irregular. Under no circumstances may a Vendor deliver, install, or perform any service as specified in these specifications without written authorization from JPSD (i.e., a duly issued purchase order or signed contract). All formal bid proposals shall be approved by the Board of Trustees prior to the award of the bid.

The Vendor shall be issued a purchase order document, which shall be deemed acceptance of the bid proposal offer made by the Vendor, for all items and/or services approved by the Board of Trustees and awarded as a result of this bid. However, if in the opinion of JPSD a contract document is required to authorize the award of the bid, Vendor agrees to sign and execute all such contract documents as required in the written specifications. NOTE: If Vendor policy requires that JPSD sign Vendor contract documents, a sample of all such documents shall be included with the bid proposal and shall become a part of the Vendor's bid proposal.

Rejection of Bid Proposals

JPSD reserves the exclusive right to reject the bid of any Vendor in part or total for reasons deemed appropriate, such as a documented past experience(s) in which the Vendor failed to perform according to stated specifications once awarded the bid, suspicious financial responsibility of the Vendor, instances in which Vendor offered references were checked with resulting negative connotations, etc. JPSD reserves the right to accept the "lowest and best" bid, which in their judgment, assures JPSD the product(s) or service(s) having the best performance and the highest level of function, quality and value. Any Vendor which does not indicate on the "Quoting On" line for each item on which a quotation is submitted, exactly

what is being offered, may expect that item to be rejected, due to the fact that what is being offered cannot be clearly identified and compared to what is specified.

Approved Equal

It is the intent of this document to clearly define "open" and competitive product or service bid specifications. All items on this bid are to be as specified or JPSPD approved equal; JPSPD shall reserve the exclusive right to determine products and or services which are approved as equal to those specified herein. Reference in these specifications to and the use of the name and model number of any article, product, material or item of furniture and equipment by proprietary name, manufacturer or manufacturer's model or catalog number in describing an item, is intended to establish a standard of type, quality and design, and is therefore not intended to limit competition. Vendors may submit bid proposals for products which are of a different manufacturer and model number from that which is specified, provided the herein procedure is adhered to exactly. However, Vendors are encouraged to offer products of those manufacturers and model numbers specified, if at all possible.

For any item(s) which is proposed, which is other than as specified (brand name and number), it is the responsibility of the Vendor to submit, with the bid proposal, a manufacturer's published detailed cut and description, catalog, or other descriptive document, explaining in detail, exactly what is being proposed. Likewise, any support literature for any item(s) proposed which is other than as specified (manufacturer and model number), shall be clearly labeled as to the **Vendor's Name**, the **Item Number** as appears in the specifications and the **Item Name**. It shall be the responsibility of the Vendor to ensure that a detailed, technical description is provided for all items which shall allow for an accurate comparison to the item specified. All such support documentation shall be submitted with the bid proposal and shall be organized in one of the following manners:

- (a) Bound Volume of Pages - for each item, a picture and detailed product specification (for the exact manufacturer and model number proposed) shall be pasted on an 8 1/2" X 11" sheet of paper and bound in a cover with the Vendor's Name on the outside of the cover. The item number and item name as listed in the bid specifications shall be indicated at the top of each page. The support literature shall be organized in a bound volume in order by item number. Preferably, only one item shall be placed on each page.
- (b) Published Catalog - it shall be permissible to submit with the bid, a general or manufacturer's product catalog clearly indicating the detailed product information concerning the proposed product; however, if this method is utilized, it shall be the responsibility of the Vendor to place beside the product manufacturer and model number on the "Quoting On" line the correct **page number** in the catalog which is submitted, on which the product may be found. JPSPD shall not research catalog table of contents or indexes attempting to locate items which are offered on this bid.

In addition, it shall be the responsibility of the Vendor to clearly define any deviations that exist from specifications, if any, between what is proposed and what is specified, for each item offered, which is other than as specified. All such information relating to product deviations may be placed in the bid proposal either on the page below the item specification or on a separate sheet. If a separate sheet is utilized, the page shall be entitled "Proposed Product Deviations" and each item shall be clearly labeled as to number and name as they appear in the specifications. Failure to provide such documenting evidence to support any such item offered and/or any significant product deviations may result in rejection of the item(s) involved.

Pre-Specifications Approval of Items

Interested bidders must submit their specifications by the date and time designated in the bid specification and the newspaper advertising ad in order to be evaluated for invitation to participate in the live auction process. All vendors must upload their bid specification on or prior to the deadline date and time listed to be evaluated for an invitation to participate in the live auction. If submitted specifications qualify and meet the District's specification or equivalent to specifications, the bidder will be invited to participate in the live auction. Any and all variances in construction, design, performance, and

accessories from the item specified must be submitted electronically through the appropriate bid management services listed in the proposal that includes detailed technical manufacturers specifications, the number of days specified prior to Reverse Auction opening. Pricing shall not be included. If an addendum is generated, all registered vendors will receive a notice via email.

Where applicable, for the products and/or services to be provided in the specifications, preference shall be granted to those Vendors which offer local sales and service, parts inventories, user training orientation, etc. In the case of "tie bids", all factors being equal, the local vendor shall be recommended to the Board of Trustees for approval.

Net Prices

In all cases, prices quoted are to be net including all applicable discounts. A separate price shall be offered for each item and not in combination with other items (unless the grouping of items is otherwise allowed as defined in the specifications). Unit price shall prevail in case of a conflict between unit and total price (extension); written price shall prevail in case of a conflict between written and enumerated pricing. **Vendors are instructed to round off all unit pricing and extensions to the nearest whole cent; i.e., round the pricing to two places to the right of the decimal point only.** The JPSD mainframe computer database is designed to accept only pricing which is stated in this manner. All items for which pricing is submitted which is other than two places to the right of the decimal shall be accepted; however, all digits beyond a whole cent (more than two places to the right of the decimal) shall be ignored in the bid analysis process and the unit price indicated on the purchase order shall be to the nearest whole cent for each item involved.

Freight

The Vendor agrees to deliver all items prepaid (F.O.B. DESTINATION), to an inside point or points of receipt within the District. If multiple delivery sites are required for items in the bid, either the total number of or the exact address of all such sites shall be indicated in the specifications section of the bid document. All costs for delivery, drayage or freight, for the packing or unpacking, loading and unloading of said articles, are to be borne by the Vendor, and should be included in the unit price.

Taxes

Vendor pricing shall not include any taxes (unless specified), since JPSD is tax exempt. Federal Excise Tax Exemption Certificates shall be executed when required upon request by the Vendor.

Grouping of Items

As stated above, no grouping of items shall be allowed unless otherwise defined in the detailed specifications. Most items are to be offered for bid on an "individual" basis and shall be awarded accordingly. However, certain circumstances may arise in which it is to the advantage of JPSD to group items offered for bid. In certain instances, for the purpose of continuity and to insure product compatibility and design, and to minimize the freight costs involved, similar items may be grouped in the specifications and therefore shall constitute a single unit for bid purposes. All items in each such grouping shall be purchased from one Vendor. In order to be eligible for consideration for award of the bid for any group of items, a price quotation must be offered for ALL items in the grouping and a total price given for all items included in the grouping; award of the bid shall be made following careful analysis of the "lowest and best" bid offered for the entire group of items. Failure to offer a quotation for all items in a group may constitute a "No Bid" for the entire group of items.

Payment and Invoicing

Unless otherwise indicated in the detailed specifications of this bid document, it is mutually understood that JPSD shall make remittance in a **single lump sum** payment **following satisfactory delivery of all items** listed on the purchase order or following satisfactory performance (final inspection) of all services as specified in the contract. JPSD remits by "completed purchase order" only; remittance shall not be made upon receipt of partial shipments or performance, or the receipt of invoicing for same, but only after all items included on the purchase order or contained in the contract are delivered and/or satisfied.

Consequently, Vendors agree to submit a single itemized invoice to JPSD, Business Office, Post Office Box 2338, Jackson, Mississippi, 39225-2338, following the delivery of all items and/or services as indicated on the purchase order or contract. Multiple invoice documents (numbers) for the same purchase order or

contract shall not be acceptable; following satisfactory delivery of ALL items and/or performance of ALL services indicated on the purchase order, only one invoice shall be submitted per purchase order or per contract, which shall be for all items and/or services contained on the order or in the contract. Following satisfactory invoicing as defined above and after receipt of all items on the purchase order and/or full performance of all services specified, payment shall be made in full to the Vendor within forty-five (45) calendar days from either the date of delivery or the receipt of satisfactory invoicing, as specified above, (in the Business Office), for the complete order or contract, whichever occurs last.

Delivery Instructions

Information containing product delivery instructions for each item specified, shall be so indicated in the specifications. The specifications shall indicate if delivery is to be made to one central location or to multiple locations within the school district. Vendor agrees to adhere to delivery date schedules, as requested in the specifications.

Default and Delays

Upon failure of the Vendor to deliver all of the items ordered or to render service, within the time set or allowed, the successful Vendor shall be considered in default, in which case JPSD reserves the right to terminate the purchase order or contract and to purchase similar supplies, services, or furniture and equipment, on the open market or secure the manufacture, delivery, and installation thereof by contract or otherwise. The Vendor shall be charged with any cost occasioned by JPSD whether said cost is the same as originally accepted or any excess cost.

Damage to School Property

Any damage or loss to JPSD property as a result of any action by the Vendor in the delivery, execution or performance of any item or service stated in these specifications shall be repaired or replaced to the satisfaction of designated JPSD personnel, at the Vendor's cost, within a reasonable time.

Assemble and Set In Place

It shall be the Vendor's responsibility to furnish, deliver, unload from the delivery vehicle, completely assemble, set in place and where specified to completely install and make ready for operation to the satisfaction of JPSD all items offered for bid in these specifications. All Vendor personnel shall be legally licensed and fully qualified in the performance of the various areas of installation expertise. Items requiring unpacking shall be unpacked, assembled and set in place by the successful Vendor, at Vendor expense, as directed by the designated representative of JPSD. Where specified, all items shall be furnished, delivered, set in place, and made ready for operation, by the Vendor at Vendor's expense.

Removal of Debris

Where applicable, Vendor owned materials and equipment may be stored on the job site but the contractor shall maintain full responsibility for the stored items and full responsibility for any acts of vandalism or damage to JPSD owned property as a result of the vandalism. Any materials of a flammable nature must be stored at least 50' from the nearest building. Vendor must maintain the premises free from accumulations of waste, debris and rubbish caused by the execution of the contract, as a result of this bid. Upon completion of all work, crates, boxes, and packing material shall be removed from the point of work or delivery by the Vendor, at Vendor expense, and the premises are to be left free of debris.

Complying with Specifications

All material furnished must be in conformity with the specifications and shall be subject to inspection and approval by JPSD following delivery. The right is reserved to reject and return at the risk and expense of the Vendor such portion or the entirety of any shipment which may be deemed defective or fail to comply with specifications. If rejected, it shall be held for disposition at the expense and risk of the Vendor. Vendors shall be required to replace that defective portion or the entire order according to specifications without additional cost to JPSD. Any items which may be lost or damaged in transit from the manufacturer to JPSD shall be replaced or restored to the original good condition by the Vendor at no cost to JPSD, to the satisfaction of JPSD.

If required in the detailed specifications, each Vendor and subcontractor(s), together, should visit the site and take such other steps as may be necessary to ascertain the nature and location of the work to be

performed, and the general and local conditions which could affect the work or the cost thereof. All visits to the sites shall be made at the Vendor's expense.

Guarantee

Each Vendor, by presenting a bid under these specifications, binds himself to make positive that all goods are fully up to the standards set by the specifications. Should it be discovered within a reasonable period of time from the date of purchase order or contract that such goods or services are not up to standard, JPSPD shall have the right to have such goods or services replaced by others conforming to the standard requirements and the entire expense be borne by the Vendor. The Vendor shall agree to guarantee and warrant all equipment provided as a result of this bid for a period equal to the stated guaranty/warranty in the specifications. All such warranties shall provide the coverage as indicated in the specifications.

Samples

JPSPD reserves the right to request of any Vendor offering a product for sale via this bid an exact sample for evaluation for any product proposed. Vendor agrees to submit requested sample(s) within ten (10) calendar days from notification of the sample request. Should the Vendor not adhere to this sampling procedure, the item(s) in question may be rejected on these grounds. Samples must be furnished upon request only, free of expense to JPSPD and if not destroyed by tests, shall be returned at the Vendor's expense upon request. Samples are to be submitted to the Business Office to the attention of the Director of Budget/Internal Services, 662 South President Street, Jackson, Mississippi. Samples are to represent exactly what the Vendor actually proposes to furnish. Samples shall be properly identified as to bid number, bid date, name of Vendor, and item number as it appears on the bid. Once the bid is awarded, JPSPD reserves the right to subject actual shipment samples to randomized testing. In cases when a sample is sent to testing laboratory for analysis in light of specifications, and the tests results indicate that the sample does not comply with specifications, the cost of the test shall be charged to the Vendor submitting the failing sample. The right is reserved to keep the successful Vendor's sample for comparison with actual shipment. Said sample may be returned to the Vendor or accepted as delivery according to order.

Compliance with Laws

If required due to the nature of the specifications contained herein, the Vendor shall give all notices, pay all fees, and comply with all local city, state, and federal laws, codes, ordinances, rules and regulations bearing on the successful conclusion of an order for supplies, services, or equipment. Vendor is to secure and pay for all permits, governmental fees, licenses and assessments necessary to perform all work as outlined in the specifications. The Vendor shall comply with all fire, safety and security regulations.

Insurance

It shall be the responsibility of the Vendor, once awarded the contract, to procure and maintain at Vendor expense, any insurance coverage equal in coverage to the minimum requirements applicable to the nature and scope of the project as set forth in these specifications. Vendor shall insure the delivery of all products delivered as a result of this bid until such time as all products are received by JPSPD, inspected and approved.

Liability and Relationship of Parties

The Vendor shall, and hereby does, indemnify and hold harmless JPSPD from any and all claims, suits, actions, judgments, settlements, damages, awards, costs and expenses of any kind or nature whatsoever arising from or out of any assertion or complaint by a third party or parties of any injury or damage resulting from the performance of this agreement by Vendor. Without limiting the generality of the foregoing sentence, as relates to this bid document and any succeeding document(s) as a result of this formal bid, the Vendor (which shall include the vendor of award, the product manufacturer whom the Vendor represents, any subcontractor(s) of either, or any other party acting as an agent of the Vendor or manufacturer) shall hold JPSPD, it's officers, agents, servants, and employees harmless from liability of any nature or kind whatsoever against the publisher or author, manufacturer or agent for the use by JPSPD of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article, environment-sensitive material, or appliance furnished or used under this bid proposal.

Any architects, consulting engineers, or other defined agents acting in behalf of JPSPD with regard to this formal bid, shall be deemed to be extensions of JPSPD and therefore all terms and conditions in this bid document shall equally apply to said third parties just as they do to JPSPD. Neither this bid nor any succeeding document(s) as a result of this formal bid, shall constitute nor create a partnership or joint venture between JPSPD (or any agent acting in behalf of JPSPD) and the Vendor, nor does it create a business relationship between the parties other than that specifically provided for by the terms of this agreement.

Non-Mentioned Items

Any standard manufacturer's parts, components, other equipment or related accessories not specifically mentioned by name or included in these specifications but which are normally a part of the equipment and furnishings necessary to complete the installation or insure the performance of the item, which are normally advertised and sold as a part of the "total product", shall be deemed to be included in the bid and shall therefore be furnished by the Vendor under the framework of this bid, at no additional cost to JPSPD.

JPSPD Responsibilities

With regard to installation as per these specifications, it shall be the responsibility of JPSPD to provide all electrical, gas and water services (stubouts) to the products as required and in compliance with the manufacturer's product specifications. Floor drains shall be provided by JPSPD. However, any and all product connections required to interface the product with electrical, gas, water and drain facilities, whether indicated on attached project plans, drawings and specifications, including all addenda issued pursuant to this bid, shall be solely the responsibility of the Vendor. JPSPD shall allow Vendor access to any facilities involved in these specifications during normal business hours in compliance with JPSPD's approved schedule. Upon written request from a Vendor, JPSPD may consider special work hours if required to complete a delivery or a project with an impending deadline. Likewise, if applicable, upon written request from the Vendor, JPSPD shall allow Vendor access to any project plans, blueprints or other detailed specifications which may not be included within this bid document, but which could reasonably be expected to have a bearing on the bid proposal. All such written requests shall be forwarded to the Business Office to the attention of the Director of Budget/Internal Services.

Product Colors, Finishes and Color Combinations

Where applicable and indicated in the specifications, color selection of all product finishes and furnishings which have been pre-selected by JPSPD, shall be adhered to as closely as possible by the Vendor. There are situations in which it is very important to JPSPD that all of the products included in the bid or various sections of the bid, be color coordinated in order that a pleasing decorative atmosphere conducive to instruction be established. It shall be the responsibility of the Vendor to submit as a part of the bid, where required in the specifications, proposed manufacturer's color samples for all items offered for which a specific color is indicated. Failure to do so may result in rejection of any and all items involved in that section.

Adjustments in the Quantities to Be Purchased

All quantities indicated in this bid are projected based on an established need and are stated in "good faith" by JPSPD and represent the known quantities which shall be purchased via this bid; however, in order to insure budgetary compliance, a situation may arise in which the quantities indicated for one or more items listed for bid may have to be amended.

Deletions - All quantities listed in these specifications are subject to adjustment; JPSPD shall reserve the right to delete any and all items entirely and/or to reduce quantities in number prior to issuing a purchase order at the unit price(s) quoted in the Vendor's bid.

Additions - If an "additions" clause is to be implemented with reference to the quantities to be purchased as a result of this bid, it will appear in the detailed specifications section of this document. If there is no reference to the purchase of additional quantities the quantities to be purchased shall be as published herein.

Follow-Up Services

The Vendor shall agree to provide to JPSPD as part of this bid, at no additional cost, all required user orientation as to the proper use and care for all equipment sold as a result of this bid.

Ambiguities

Should questions arise or ambiguities exist regarding any part of parts of the specifications as published, the Vendor shall notify the Purchasing Coordinator, (601) 973-8582, at least five (5) calendar days prior to the published bid opening date, in order that a written clarification (addendum) from the Business Office can be made known to all Vendors participating in the bid. No addendum concerning clarification of published specifications shall be issued following five (5) calendar days prior to the published bid opening date, unless it is to extend the bid opening date. Interpretation of and subsequent modifications to these specifications shall be made by addenda only; JPSPD shall not be responsible for any interpretation of the documents other than as set forth in these specifications or in JPSPD authorized written and published addenda. Should ambiguities exist between this section of the bid (Instructions and Conditions), and the stated specifications which follow, the specifications shall prevail and shall be taken to be the correct interpretation for this bid.

Vendor Grievance Procedure

JPSPD has adopted a Vendor Grievance Procedure to address and resolve any Vendor grievances or disputes resulting from or arising out of JPSPD's bid process. If Vendor disagrees with any aspect of the bid process, Vendor shall adhere to the following procedure. Vendor shall submit a letter or written statement of protest to the Purchasing Agent, with a copy to the Superintendent, identifying the bid, including bid number, title, opening date and, if applicable, the item number(s) at issue, and explaining, in detail, the nature of and/or reason(s) for the protest. No verbal protest shall be acknowledged by JPSPD. Vendor protests must be received by the Purchasing Agent not later than five (5) business days prior to the date of the Board meeting at which the Board is to act upon the bid that is the subject of the protest. A review committee, appointed by the Superintendent, shall evaluate the protest and render a decision expeditiously. The decision of the review committee shall be based on evidence presented by the Vendor, the Purchasing Agent and other appropriate parties, to be determined in the discretion of the committee. In the sole discretion of the committee, the committee may conduct a hearing on Vendor's protest. The decision of the review committee shall be submitted to the Superintendent for approval. The protesting Vendor shall be informed, in writing, of the Superintendent's decision not later than two (2) business days prior to the date of the Board meeting at which the Board is to act upon the bid that is the subject of the protest. The Superintendent's decision shall be final unless Vendor appeals such decision to the Board of Trustees. If Vendor wishes to appeal the Superintendent's decision, Vendor shall deliver its appeal, in writing, to the Office of the Superintendent not later than 12:00 p.m. on the date of the Board meeting at which the Board is to act upon the bid that is the subject of the appeal. Appeals shall be presented to the Board at the meeting at which the Board acts upon the bid that is the subject of the appeal and Vendor, upon written request, will be granted up to five (5) minutes to appear and present to the Board at such meeting its protest and/or appeal. After the Board takes final action upon a bid, no appeals or protests will be acknowledged by JPSPD. The decision of the Board shall be final, subject to Vendor's right to pursue a legal remedy.

Exceptions to These Instructions and Conditions and/or Specifications

The Vendor, when through a voluntary and independent action, places the signature on the proposal form, fully agrees to accept and comply with all instructions and conditions and all other requirements defined in the detailed specifications and outlined in all other documents pertaining to the bid document. Should any Vendor take exception with any part(s) of these instructions and conditions, or any part(s) of the specifications which follow, it is the responsibility of the Vendor to so acknowledge such differences in detail on a separate sheet(s), and attach and submit said sheet(s) with the bid; all such exceptions shall become a part of this bid. **Proposal awards are based on the availability and continuation of funding. In the event of funding reduction, this award can be rescinded at any time.**

Jackson First

Jackson Public Schools is committed to supporting businesses within the City of Jackson. We believe that our businesses are vital to the success of our students and our schools. We also believe that the district should strive where possible to acquire goods and professional services from qualified businesses within the City of Jackson. The district is not willing, however, to sacrifice quality, noncompetitive or inflated pricing in its pursuit to support Jackson businesses.

Musical Instruments Specifications

Each vendor must bid the total cost of all one hundred three (103) items during the Reverse Auction.

Jackson Public School District THE DISTRICT is the second-largest school district in Mississippi, serving nearly 20,000 scholars, representing more than 80 percent of school-aged children in the state's capital and only urban municipality. Jackson, Mississippi has about 170,000 residents in an area of 104 square miles. There are thirty-one elementary schools, ten middle schools, and seven high schools and 4 special program schools comprising the district's 52 school sites. These schools are divided into seven feeder patterns based on the high school receiving the area's scholars.

Purpose

This Reverse Auction is being held to obtain pricing from a qualified, financially sound, and responsible vendor who can provide musical instruments on an as needed basis for the 2021-2022 fiscal year at a fixed price ending June 30, 2022. All musical equipment placed in the initial order must be received by June 30, 2022. Partial shipments will be accepted.

The District seeks bids from qualified vendors for the procurement of musical instruments in accordance with provided specifications and requirements. The auction will require the vendor to provide pricing for one year that includes all services outlined in the specifications.

This bid document contains sufficient information and instructions to enable qualified bidders to prepare and submit pricing through the reverse auction process. This document contains all major terms and conditions that the successful vendor will be expected to accept.

No substitutions of materials, instruments, and/or equipment except for that of musical stands, student chair, chair movers/storage carts, AV equipment, and musical stand movers/storage carts. Bidders must obtain prior approval for any model that is not specified items. All variances in construction, design, performance, and accessories from the item specified must be submitted in writing, including a detailed manufactures specification by the deadline specified in the bid documents. All bidders proposing an alternate device may be required to supply the District with a demonstration model that is the exact model being proposed, along with the specifications by the deadline specified in the model requested in the bid do not need to submit a demonstration instrument.

Instruments being shipped via FedEx or UPS should be shipped to:

Jackson Public Schools
High School Division
% Mr. Bryan Jefferson
630 South State Street
Jackson, MS 39201

Instruments shipping via USPS or other delivery service should mail bjefferson@jackson.k12.ms.us to receive an alternate address and directions.

The reverse auction price must include all of the required elements included in the auction narrative including the instruments, accidental damage coverage, shipping, and white glove deployment services, if applicable.

All potential bidders must provide device specifications for any alternate device specified in the documentation by the deadline specified.

- All potential bidders must provide all terms and conditions for the 3-year accidental damage protection (ADP) coverage by the deadline specified. The terms and conditions must outline all elements of the ADP program and include specific language that describes the number of times

an instrument can be returned for accidental repair and what charges if any are incurred for any repairs during the 3-year term of the warranty period.

- All potential bidders must provide the description of the included white glove service by the deadline specified.
- All potential bidders must provide a demonstration device by the deadline specified if necessary.
- All bidders must provide an “all-in-one” price that includes the instrument, 3-year depot warranty, 3-year unlimited accidental device protection, white glove service, if applicable, and shipping.

General Auction Requirements

All products shall be new, not used, not refurbished, and the latest model available at the time of purchase. Should a instrument or model be discontinued and/or upgraded during the contract period, the awarded vendor shall offer the JPSD a new alternate product meeting and/or exceeding the established specifications, under the same terms and conditions originally offered at the start of the contract period with a price that cannot exceed 10% above the original accepted price. The District shall be notified in writing at least 2 months prior to a change in model or specifications. Jackson Public Schools has negotiated a stimulus discount through the Conn-Selmer Stimulus Program and this must be reflected in the bid.

Quantity

The quantities specified on the auction are based on actual needs of the school district. They indicate the actual quantity that will be ordered including volume and specified requirements. This bid will be awarded in its entirety to one vendor. Vendor must quote on all Musical instruments listed. The District expects the successful bidder to provide the lowest possible price for all instruments purchased from the date of the JPS Board of Trustees approval of the auction through **December 31, 2022**.

Other Elements Must Be Included in the Auction Price in Addition to the Device

The proposed price must include 3-year unlimited accidental damage protection (ADP) for both warranty repairs and accidental damage. The accidental damage protection must include depot repair that includes free shipping to and from the repair depot for an unlimited number of repairs. There should be no restrictions or additional costs for repairing any device for any reason whether the repair is warranty related or from physical damage to the device for the entire 3-year warranty period.

1. The accidental damage protection must include depot repair that includes free shipping to and from the repair depot.
2. The accidental damage protection must include repair for accidental drops, bumps, and structural failures incurred under normal operating conditions or handling. ADP must be unlimited for the entire 3-year warranty period and include all repairs regardless of the number of times the instrument has been previously repaired.
3. The proposed price must include all shipping costs.

Other Information for Bidders

The vendor may be required to deliver all instruments to the JPS Fixed Assets warehouse for asset tagging before installation unless otherwise notified in writing by the District. The vendor will provide all device information including serial numbers to the District upon delivery.

The time line dates for questions are November 19, 2021, November 29, 2021 and November 30, 2021 ending at 5:00 P.M. Local prevailing time.
