

Dear Parents/Guardians of Jackson Public Schools,

First, please allow me to thank you for allowing your scholar to participate in this year's First Virtual Summer Boost Program. Students are actively engaged in virtual learning and are demonstrating high levels of productivity. We know that this experience will provide much needed support for our scholars.

The Summer Boost Program is scheduled to end on Tuesday, June 30, 2020; however, we will not collect the devices that were distributed to students until school staff return in July.

Please return the device to the same school where you picked up for the start of the program. Staff from the Instructional Technology Department will be available at Barr Elementary, Hardy and Siwell Middle Schools to collect devices that were distributed at those schools.

Please be sure to return all parts of the power cord along with the Chromebook. **Please do not attempt to clean the Chromebook before returning it.** Schools will clean and disinfect the devices upon return.

If you have a specific question about the process for returning the Chromebooks, please call your child's school on July 13, 2020.

Device Return Schedule
