

Technology Distribution Process

Jackson Public Schools (JPS) is excited to move toward a 1:1 model to ensure that each scholar has a dedicated technology device to support their learning. JPS families with no device in the home and other prioritized groups such as students with special needs will receive first priority.

For the 2020-2021 school year, devices will be distributed to scholars from their home schools. Schools will contact parents/guardians to inform them of the date, time and procedures for distribution.

Parents/guardians should be prepared to show identification when they pick up the devices and sign all required forms. Devices will only be issued to scholars that have completed registration by **August 2, 2020** for the 2020-2021 school year.
