

JACKSON PUBLIC SCHOOL DISTRICT  
BOARD POLICY JCBAAA:  
STUDENT USE OF ELECTRONIC DEVICES

---

**I. PURPOSE**

The purpose of this policy is to set forth expectations for appropriate use of existing and emerging technologies which students may possess, including but not limited to **student-owned** cellular phones, digital picture/video cameras and/or camera phones, personal digital assistants (PDAs), iPods, MP3s, pagers and other personal electronic devices capable of transmitting data or images.

It is recognized that parents may provide a cell phone to a student for safety or medical reasons. It is also recognized that these devices, which may be given with a noble intent, can become distractions to the academic environment and therefore negatively impact instruction. In consideration of the advancement of technology and the prevalence of electronic devices in our society, the Board will allow the possession of cell phones and other electronic devices at school, on buses, and school sponsored events, as outlined within this policy.

**II. GENERAL STATEMENT OF POLICY**

The Jackson Public School District holds high expectations for student behavior, academic integrity and responsible use of existing and emerging technologies, such as cellular phones, digital picture/video cameras and/or phones and other personal electronic devices capable of capturing and/or transmitting data or images. Students who possess and/or use such devices at school or school sponsored events shall demonstrate the greatest respect for the educational environment and the rights and privacy of all individuals within the school community. The possession of an electronic device is not a violation of the Code of Student Conduct. However, the possession of an electronic device when used to disturb the educational process, carry out criminal activity, or disturb/interfere with the safety-to-life issue for students being transported on a Jackson Public Schools bus or at school facilities, are infractions of the Code of Student Conduct.

- ii. Students shall neither e-mail, post to the Internet, nor electronically transmit images of other individuals taken at school without their expressed written consent.
- iii. Students are strictly forbidden to either use or display cellular phones or other personal electronic devices in locker rooms and restrooms.

#### **C. Assuring academic integrity**

#### **D. Compliance with Other District Policies**

Use of cellular phones or other personal electronic devices must not violate any other District policies, including those regarding student privacy, code of student conduct, electronic technologies acceptable use, or harassment. If a violation occurs involving more than one District policy, consequences for each policy may apply.

### **IV. VIOLATIONS OF THIS POLICY**

**A. First Infraction:** An employee shall direct the student to turn off the device. The employee shall then confiscate the device and turn it in to the school office where the student may retrieve it at the end of the school day along with notification of a parent or guardian.

Refusal to surrender a device will result in disciplinary action consistent with the code of conduct.

**Discipline for students with disabilities shall be administered in accordance with district policy, state, and federal law.**

**Students assigned to an alternative setting as a disciplinary consequence are excluded from the provisions of this policy. These students are prohibited from the possession and/or use of an electronic device at all times during the school day and while on school premises or in school vehicles.**

## **V. WAIVER OF LIABILITY**

Jackson Public School District will not be responsible for any damaged, lost, or stolen wireless communication or personal technology device. Neither will school district employees be held liable for wireless communication or personal technology devices that are damaged, lost, or stolen.

Note: Numerous wireless communication devices are reported stolen each year. Students are expected to treat their phone and other personal electronic devices as if they were a \$500 bill. One would not be careless with a \$500 bill, so do not be careless with your phone or other personal technology devices, leaving them unattended or not locked up. If you have a wireless communication device or other personal technology at school, and it gets stolen, do not expect school administrators to discontinue other administrative responsibilities to try to recover it for you. Your loss would be regrettable, but school personnel will be asked to investigate and seek recovery only as time and circumstances permit. Notwithstanding, all school policies are applicable to those determined to be responsible for the theft, damage or destruction of such items.

## **VI. SUPPLEMENTARY PROVISIONS**

No **students, teachers, or proctors** are allowed to possess and/or use any wireless communication or personal technology device, including (but not limited to) cell phones or personal digital assistance devices, during the administration of statewide tests. Wireless technology devices used only to administer the tests are excluded.

When deemed necessary, the Superintendent may develop additional guidelines or procedures consistent with the letter and spirit of this policy.

This policy is for the 2016-2017 school year and shall be on a trial basis. The impact of the policy shall be reviewed at the end of the school year. Based on the evaluation, the Board will determine whether or not to extend the policy.

All provisions of Jackson Public Schools Board Policy JIAA—Acceptable Use and Internet Safety Policy, which includes the Student Acceptable Use and Internet Safety Contract, are applicable to this policy upon its adoption.
