

EARLY RELEASE

Early release from classes may be granted to twelfth (12th) grade scholars that meet early release criteria. Twelfth (12th) grade scholars may be scheduled to take only those courses needed for graduation with parental approval, provided they meet the early release criteria stated below. For early release, scholars must have met College or Career Readiness Benchmarks (ACT sub scores 17 English and 19 Math or earned a Silver level on ACT WorkKeys or SAT equivalency sub scores).

Alternately, if a scholar does not meet the College or Career Readiness Benchmarks, a scholar must meet all of the following criteria:

- Passed or met all state assessments required for graduation,
- Be on track to meet diploma requirements,
- Have a 2.5 GPA, and
- Concurrently enrolled in Essentials for College Math or Essentials for College Literacy; or Southern Regional Education Board (SREB) Math and Literacy; or Dual Credit Algebra I and English Composition.

The District may revoke early release privileges should a scholar violate any of the criteria mentioned above.
