CAREER AND TECHNICAL EDUCATION

High school students have an opportunity to gain marketable job skills, work experience and national certifications by enrolling in classes at the district's Career Development Center (CDC) for Career and Technical Education. Students can choose from various programs. Programs are studied for two years. Students have an opportunity to participate in dual credit-dual enrollment in several of the programs as well. Students who successfully complete the two-year program are awarded a certificate of completion. **Please see the CDC course selection sheet for additional information.**
