SEPARATION OF SUPERINTENDENT

It is the policy of the Jackson Public School District to provide the highest possible quality of education for the students enrolled in the schools in the District. In order to achieve this goal, the board recognizes that it may become necessary, from time to time, to release the Superintendent from future employment when his performance fails to meet the standards established by the board, or the Mississippi statutes, or when his or her services are no longer needed. Termination, suspension and nonrenewal proceedings will be consistent with state law and the terms of the contract executed between the Superintendent and the Board of Trustees.
