

EVALUATION OF PROFESSIONAL PERSONNEL

The Board of Trustees recognizes that evaluation of staff is essential to measuring performance and identifying areas for professional growth and improvement. Professional personnel are those employees who must hold a license issued by the Mississippi Department of Education in order to perform their job duties. The evaluation of professional personnel shall be in the form and manner prescribed by the Mississippi Department of Education. In accordance with Standard 3 of the Mississippi Public School Accountability Standards, the Jackson Public School Board of Trustees directs the Superintendent to formulate and implement a formal annual performance appraisal system aligned with job descriptions and job performance of every professional employee.
