

JBO

ADMISSION OF TRANSFER STUDENTS

Students moving into the Jackson Public School District from another school system shall be assigned to schools on the basis of their parent's or legal guardian's residence. Admission shall be conditional upon receipt of proper records from the previous school system.

Enrollment of transfer students who have been previously dismissed and/or expelled from other schools may be denied until the superintendent or his designee has reviewed the child cumulative record and determined that the child has participated in successful rehabilitative efforts including but not limited to progress in an alternative school or similar program.

The district will accept applications for electronic enrollment from any student whose parent or guardian is transferred to, or pending transfer to, a military installation within the state while on active military duty.
